

# OPEN AIR™

Essential Oils of Tangerine (Citrus reticulata), Cinnamon (Cinnomomum zeylanicum), Spruce (Picea mariana), Copaiba (Copaifera officinalis), Eucalyptus radiata, Clove (Eugenia caryophyllata), Helichrysum (H. italicum), Frankincense (Boswellia carterii), Lemon (Citrus limon), Marjoram (Origanum majorana), Rosemary (Rosmarinus officinalis C)

A blend to support respiratory conditions. Should be used alongside veterinary recommendations.

## Instructions

### IN YOUR DOG'S BATH

Mix 30 - 60 drops of Open-Air™ in @ 2 oz of 4-Legger Unscented USDA Certified Organic Dog Shampoo to aid with respiratory conditions.

### WATER BASED DIFFUSION

Aromatherapy by water-based diffusion: Add 2-4 drops of Open-Air™ in your water diffuser. When one of our own dogs had kennel cough we of course diffused. When the kennel cough got worse at night we moved the diffuser into the bathroom and turned the shower on to create a steam room while diffusing Open-Air™ and while holding the dog upright against our bodies. She was able to reset and sleep (although we had to sit upright in the bathroom holding her)!
