Instructions

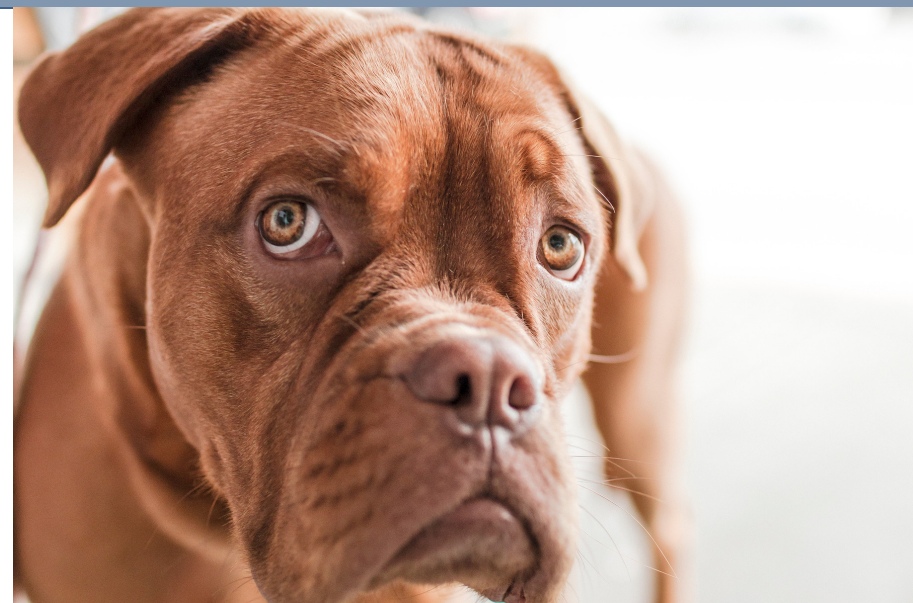

IN YOUR DOG'S BATH

Mix 30 - 60 drops of Yeasty Beasty™ in @ 2 oz of 4-Legger Unscented USDA Certified Organic Dog Shampoo to calm, balance, and reduce stress and inflammation.

MISTING SPRAY

Mix 10-20 drops of YeastyBeasty™ in @ 4 oz of distilled water in a glass spray bottle to make a mist that can be used as a spray. Do not spray near the face, eyes, fresh surgical wounds, or on delicate mucous membranes. Water based mists are wonderful for use on the anal region, and any other irritated area can have the spray misted on, up to three times a day or as needed. Shake well before each use, and mist lightly over the entire desired area.
