

Driftwood Blouse + Dress

Size Chart - Inches

You will see there are two size ranges.
0-22 (Twig + Tale® Sizes A-L) and 14-38 (Twig + Tale® Sizes H-T)

There is an overlap from sizes 14-22 (H-L) where you can choose which size range you would like to use based on your waist to hip ratio.

This tutorial covers sizes 0-22 (A-L).

Gather Supplies

Suggested Fabric

This pattern requires fabric with a good amount of drape to avoid a stiff-looking garment.

Lightweight linen, gauze, muslin, voile, lawn, rayon, silk, seersucker, georgette are all suitable fabrics. Flannel could be an option for a warmer weight garment.

Fabric Requirement Chart

You may need more if matching plaids/checks or if you have a directional fabric.

Dress skirts in sizes J and larger, will need to be rotated 90 degrees from the grain if cutting from a 44" wide fabric.

Other Supplies & Notions

- Spool of coordinating thread.
- **If NOT making homemade bias from the pattern piece:** 2 yd (2m) of 1/2" (25mm) double fold bias binding for neckline (+ ties) - a little less than this for the elastic loop option.
- **Elastic sleeve hem option:** Up to 16.9" (43cm) of 3/8" (1cm) elastic. Amounts in the chart below.
- **Elastic loop + button closure option:** A small amount of cord elastic (you could use a hair tie for the elastic) and one small button (approx size 3/8" (1cm) or 18L). Adaptive button front add-on requires 7 buttons.
- **Waist elastic for dress version:** Up to 38.6" (98cm) of 3/4" (2cm) wide elastic. Amounts in the chart below.
- Large safety pin for threading through your elastic.

Elastic Cutting Chart

The elastic lengths are given as a **guide** only. Safety pin the elastic ends together, try the garment on, and adjust the elastic for a comfortable fit.

Elastic		a	b	c	d	e	f	g	h	i	j	k	l
Short Sleeve - Cut 2 3/8" (1cm) wide elastic	inches	10.6	11.4	11.8	12.2	12.6	13	13.4	13.8	14.6	15.4	16.1	16.9

CUSTOM WAIST ELASTIC MEASUREMENT FOR YOUR BODY SHAPE:

Take the "Dress Bodice Length" measurement from the **finished garments measurement chart** and apply it to your body from your underarm (just above your bra top edge, or about 3" (7cm) down from right inside your armpit if you don't wear a bra) down the side of your body.

This will show you where the waist seam will hang on your body. Take the measurement around your body at this position. Wrap the elastic around your body at this point and adjust it until you reach your preferred level of tightness. Mark where the elastic overlaps and cut the elastic. There is no need to add a seam allowance as the elastic will "grow" once it is encased in the seam.
