Gather Supplies

Suggested Fabric

This pattern requires fabric with a good amount of drape to avoid a stiff-looking garment.

Lightweight linen, gauze, muslin, voile, lawn, rayon, silk, seersucker, georgette are all suitable fabrics. Flannel could be an option for a warmer weight garment.

Fabric Requirements

You may need more if matching plaids/checks or if you have a directional fabric.

- **Waist elastic for dress version:** Up to 60.6" (154cm) of 3/4" (2cm) wide elastic. Amounts in the chart below.
- Large safety pin for threading through your elastic.

CUSTOM WAIST ELASTIC MEASUREMENT FOR YOUR BODY SHAPE:

Take the "Dress Bodice Length" measurement from the **finished garments measurement chart** and apply it to your body from your underarm (just above your bra top edge, or about 3" (7cm) down from right inside your armpit if you don't wear a bra) down the side of your body.

This will show you where the waist seam will hang on your body. Take the measurement around your body at this position. Wrap the elastic around your body at this point and adjust it until you reach your preferred level of tightness. Mark where the elastic overlaps and cut the elastic. There is no need to add a seam allowance as the elastic will "grow" once it is encased in the seam.
