

Size Chart - Inches

You will see there are two size ranges.

The first is 0-22 (Twig + Tale Sizes A-L)

The second is a 14-38 (Twig + Tale Sizes H-T) .

There is an overlap from sizes 14-22 (H-L) where you can choose which size range you would like to use based on your waist to hip ratio.

This tutorial covers sizes H-T (14-38).

Gather Supplies

Suggested Fabrics

Exterior: Medium to heavy weight woven fabrics with structure and no/little stretch: eg. Wool coating, soft shell, twill, denim, velvet, canvas, oilcloth.

If using substantially thicker fabrics such as wool blankets, the double thickness of the exterior and facing may make it challenging to sew buttonholes or add snaps. In this case, we recommend choosing a secondary fabric for the facings that would allow for this.

Lining: Due to the construction method of this coat, you will need lightweight woven fabrics with no stretch: tencel, bemberg, suit lining, satin, sateen, silk. You can use natural fibres like cotton, or viscose rayon but bear in mind they may “stick” to the layers under the coat, rather than slide over them. Fuzzy or thicker linings such as minky or sherpa are not recommended.

Fabric Requirement Chart

You may need more if matching plaids/checks or if you have a directional fabric.

The fabric requirements are for the **shorter classic length coat** - for a longer length coat, add the amount from the bottom chart.

EXTERIOR FABRIC - CLASSIC LENGTH COAT

INTERFACING

This pattern required mid weight interfacing for the facing.

Knit or woven would be more durable but non-woven would also work.

NOTE: Interfacing only takes up 1/2 the fabric width so if you have a scrap that's the correct length but only 1/2 the width you don't need to buy more!

Interfacing Width		h-l	m-t
35 1/2" / 90cm	inches	35.4	39.4
	cm	90	100
59" / 150cm	inches	35.4	39.4
	cm	90	100

An additional 7.9" (20cm) of interfacing is required for LONGER LENGTH lining.

Other Supplies & Notions

- Spool of coordinating thread
- 5 buttons or sets of snaps
- Interfacing - see notes on the left.

Upcycle Inspiration

Making a Coat from Recycled Materials

All Twig + Tale® patterns are designed to be made from upcycled materials! Here at Twig + Tale® HQ, we are proudly passionate about recycling. We hope to encourage and inspire you to enjoy that same satisfaction of making something truly exquisite from discarded textiles. Here are some ideas on how to make your garment from upcycled materials - saving the planet and your pocket.

Denim jeans can be made into smaller sized coats. Depending on the size of the original, you may need to mix and match more than one pair for enough fabric yield.

This striped curtain could be used, and summer-weight sleeping bags are another option.

Toggles and leather buttons rescued off old garments.

Left over bias binding from other projects can also be used for toggle loops. You can also learn how to make your own bias binding from upcycled shirts here:

100% pure wool blankets make wonderfully warm coats.

Wooden buttons rescued off an old garment.

Old shoelaces can be used to make toggle loops.

Cotton fabric can be used for lining. Other lining options might include fabric from ball or wedding gowns, linings from larger sized coats or capes, and sheets.
