

MUNICH MAGNUM

by Luz Negra

Our PROFESSIONAL led profile series for surfaces/hanging applications is manufactured in high purity aluminium and silver anodised. Its inner tray (where we can find the led and the power supply) can be removed from the front which means easy maintenance. It is suitable for hanging, surfaces and walls (providing Up&Down lighting); drivers can be housed inside. This profile can be combined with a white frosted cover ("easy-ON" system), to achieve a waterproofing of IP65 (very necessary in damp zones). We also have available microprism covers both in transparent and frosted, which improve glare and UGR levels. Both profile and covers are available in lengths of 6m, allowing us to carry out long installations without joints.

We offer a 10 year guarantee on the profiles and 4 year guarantee on the covers.

Aluminium profile

- LED-16.008 anodised silver 6m
- LED-16.009 lacquered white 6m
- LED-16.010 lacquered black 6m

Aluminium tray

- LED-14.007 lacquered white 6m

"easy-ON" polycarbonate cover (Down)

- LED-18.074 frosted 6m
- LED-18.075 transparent microprism 6m
- LED-18.076 frosted microprism 6m

Aluminium endcaps

- LED-19.243 anodised silver
- LED-19.244 lacquered textured white
- LED-19.245 lacquered textured black

Methacrylate cover (UP)

- LED-18.014 transparent 2m
- LED-18.015 frosted 2m
- LED-18.016 transparent 6m
- LED-18.017 frosted 6m

Hanging kit

- LED-21.001 silver set of 2 units
- LED-21.002 white set of 2 units
- LED-21.003 black set of 2 units

Space to house joints or inner 90° bracket

90° angle bracket

- 22.054 aluminium set of 2 units

Flat bracket

- 22.046 aluminium set of 2 units

System with front removable tray which permits easy access to the led strip and power supply, therefore allowing very fast and simple maintenance of the electrical installation.
