

# Roma Easy On IP65 LED profile by Luz Negra

Our PROFESSIONAL led profile series for surfaces (only 11 mm high) is manufactured in high purity anodised aluminium and available in three different colours (the profile can also be supplied in raw aluminium with no coating of paint).

The profile is ideal for using on wall surfaces, furniture, shelves and similar areas.

Its cover (available in 9 different finishings) has our "easy-ON" system; once combined with this profile it provides an IP65 rating to the luminaire.

It is suitable for led strips with a maximum width of 12mm, whose power level does not exceed 30W/m.

In order to obtain a more homogeneous and diffused illumination, we recommend the combined use of both our opal cover and Canovelles-Barcelona-Gomera-COB ecoled strips.

**We offer a 10 year guarantee on the profiles and a 4 year guarantee on the covers.**

## ROMA

IP65

Scale 1:1

By applying the lens cover on the Roma profile together with the flexible led strip we get a beam of 30° light.
