

Miller® Revolution™ Tower Harness

Product description

Engineered with a series of unique components and over 11 key product features, the new Miller® Revolution Tower harness is a must for the professional working at height.

FEATURES

- Dorsal d-ring with 300mm extension for fall arrest attachment along with frontal fall arrest attachment, confined space loops and pelvic d-rings for work positioning.
- Fully adjustable leg straps – designed to fit a greater range of leg profiles.
- PivotLink™ connection for enhanced ergonomics with unique hip rotation.
- ErgoArmor™ back shield enables easier connection to ancillary equipment. The knitted mesh membrane minimises moisture absorption and helps maintain optimal air circulation. The shield conforms to most back contours.
- Self contained label pack for improved compliance. The integrated pack contains all information, standards labels and inspection record. Specialised label pack protects labels from damage and minimises loss. The label pack is also equipped with an oversized pull-free lanyard ring, enabling the user to temporarily park the lanyard.
- Web finials for easy webbing adjustment. Clip on design organises webbing after wearer has finished adjusting the harness.
- Integrated accessory system for greater convenience. PivotLink provides attachment points for accessories including drink bottle holders, mobile phone holders and tool pouches.
- Custom identification for better on-site coordination. Write on labels adhere to the harness back shield and enable the wearer to customise their harness with name and date of service.

* backpad colour and shape are subject to change

APPLICATIONS

- Tower Climbing
- Elevated Work Platforms
- Tree Pruning
- Work Positioning
- Confined Space Applications

Technical Information

- Manufactured with DualTech™ webbing (which is engineered with shape retention memory) for a more comfortable fit. DualTech™ offers greater strength and contrasting colours making it easier to inspect.
- Weight 3.45kg

Standards

Certified to Australian and New Zealand Standard AS/NZS 1891.1-2007.
