

Body of Knowledge™
Slimming and Contouring Cream

Slimming Complex – derivative of theophylline acetic and alginic acids

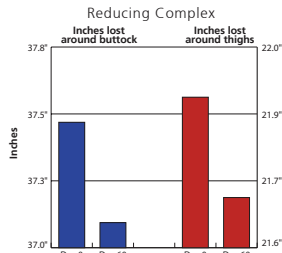

After 30 days, > 80% lost between 1.2 & 2.4". Similar results from around hips, thighs & waists

Reducing Complex – a proliposome composite of Lecithin, Caffeine, Butcherbroom, Tea-hydroiodide, Escin and Tripeptide-3 which aid lipolysis

Clinical trials: patients experienced a significant decrease in buttock, thighs and hip circumference, 95% of panelists reported less evident skin nodules, 75% a reduction in the fatty "orange peel" look

Reduction in waist and knee size for 25 patients, non-obese with localized cellulite over 60 days containing 6% Slimming Complex. Source: Lamer, Gynecology College Bordeaux, France

Reduction in buttock and thigh circumference when Reducing Complex was applied x2 per day for 60 days on 20 patients. Source: Lipotec, University of Milan 2005

Laminaria Digitata Extract – at a 0.5% level, helps to enhance lipid drainage and helps cutaneous microcirculation

Bitter Orange Flower Extract – Flavones and flavonones help facilitate the draining of the skin tissue by helping to stimulate microcirculation via their vasodilating activity

Phosphatidylcholine & Lecithin – extracts from egg yolks and soy that are used as emulsifier for helping to metabolize fat

Usage: Massage onto body, legs, chest and neck twice a day for a minimum of 30 days making sure that no excess remains. Wash hands thoroughly after applying.

Firming Booster

Helps to block MMPS destruction of protein and DNA while helping to increase skin density and firmness.

Principle Performance Ingredients:

Hydrolyzed Wheat Protein, Hydrolyzed Elastin, Hydrolyzed Collagen, Hydrolyzed Malt Extract, Hydrolyzed Soy Protein, Hydrolyzed Potato Protein Hydrolyzed Wheat Protein, Hydrolyzed Elastin, Hydrolyzed Collagen, Hydrolyzed Malt Extract, Hydrolyzed Soy Protein, Hydrolyzed Potato Protein

Body of Knowledge® Slimming and Contouring Cream

Purpose: To help visibly smooth, slim and tone while helping to reduce the appearance of cellulite

This firming body cream compliments medical body shaping therapies, using the latest technology to help reduce the fatty look of cellulite, help improve circulation and helps to boost the metabolism of fat cells.

Can be used from the neck down. Helps diminish the appearance of thighs, hips, abdomen, buttocks and loose skin under the chin.

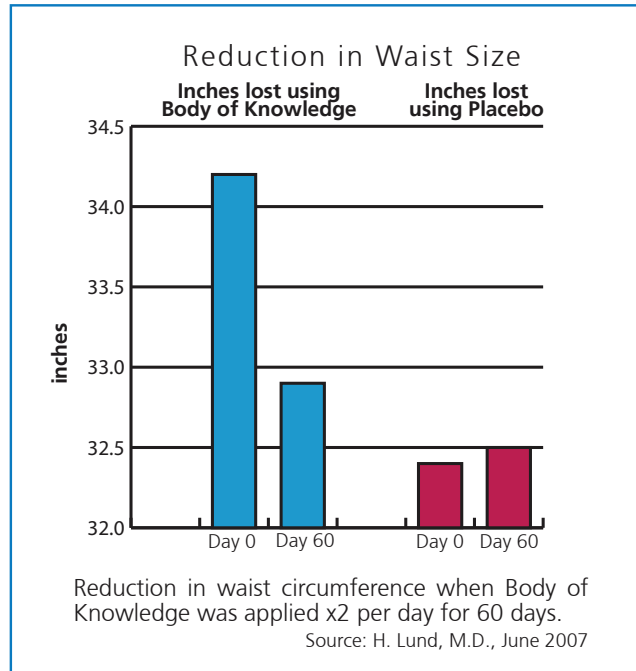

**Great Compliment
to Aesthetic Body
Procedures!**

**Enhance Results
with the
Firming Booster!**

Add to help further lift and firm the appearance of skin

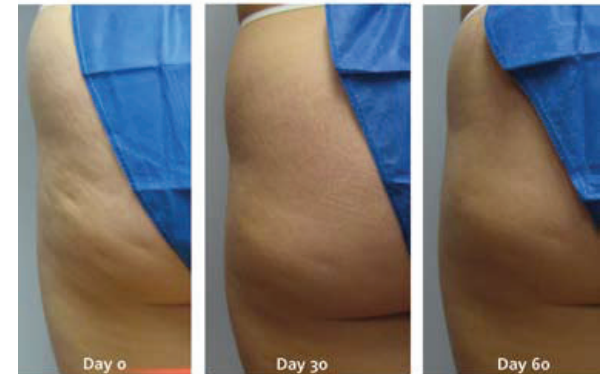

- **Clinical results: patients lost 1.5" from waist over 60 days**
- **Helps to visibly smooth and firm skin appearance**
