

Double Unit Cooking Range with Jet Burner

SML-0200B5

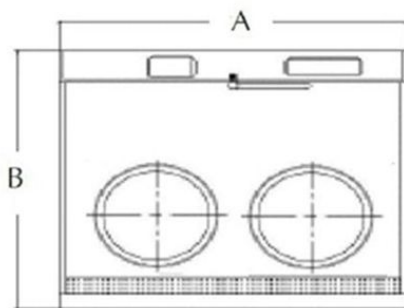

Features

- Operational noise below 70dB
- Energy saving: reducing gas consumption up to 25%
- Insulated top for efficient water consumption
- FR flame failure and safety control system
- Individual air blower
- Less than 0.01% CO emission
- One-press design for air blower
- Built with a seamless top to ensure durability and sanitation

Specifications

- Specify Natural or LP Gas
- Power Rating: 220,000BTU/h
- Gas Pipe: DN20
- Water Inlet: DN15
- Water Drainage: DN40
- 14" Cast iron ring for double ear iron wok
- Weight: 685kg
