

Gas Cooking Range w/1 Front Stove Burner & 1 Soup Pot Burner

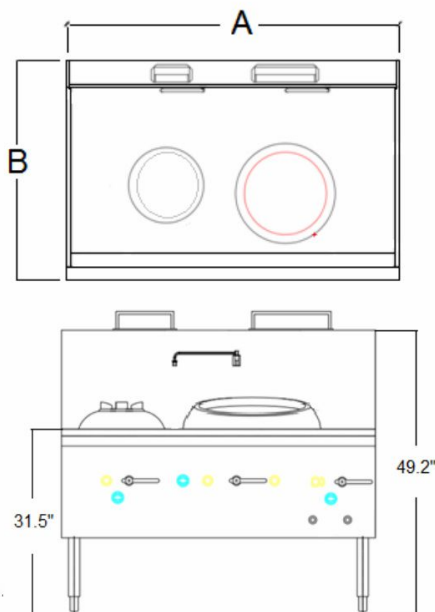

Features

- Operational noise below 70dB
- Energy saving: reducing gas consumption up to 25%
- Insulated top for efficient water consumption
- FR flame failure and safety control system
- Individual air blower
- Less than 0.01% CO emission
- One-press design for air blower
- Built with a seamless top to ensure durability and sanitation

Specifications

- Specify Natural or LP Gas
- Power Rating: 210,000BTU/h=(100,000+110,000)
- Gas Pipe: DN20
- Water Inlet: DN15
- Water Drainage: DN40
- For 18"~24" wok
