

Environmental Cooking Range w/2 Turbo Burner

SML-2000D5

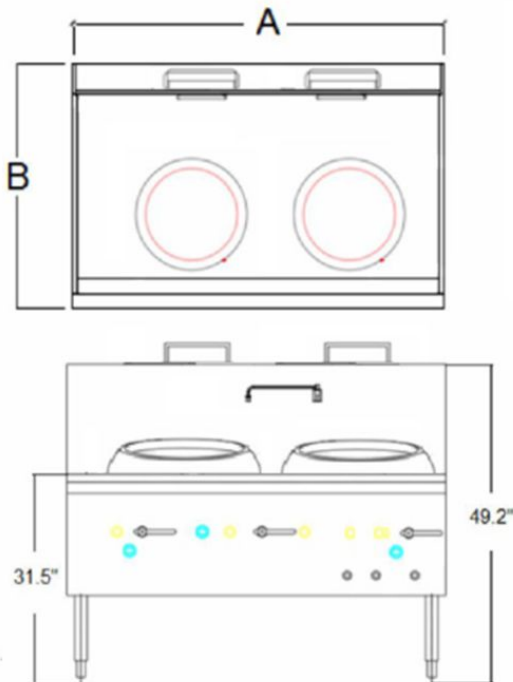

Features

- Operational noise below 70dB
- Energy saving: reducing gas consumption up to 25%
- Insulated top for efficient water consumption
- FR flame failure and safety control system
- Individual air blower
- Less than 0.01% CO emission
- One-press design for air blower
- Built with a seamless top to ensure durability and sanitation

Specifications

- Specify Natural or LP Gas
- Power Rating: 340,000 BTU/h=(170,000 x 2)
- Gas Pipe: DN20
- Water Inlet: DN15
- Water Drainage: DN40
- For 18"~24" wok
