DIY SUPPLIES:.

1. Cosmic Thinking Putty
2. Glow Charger® (included with purchase)
3. Free Crazy Aaron's Constellation Chart.
4. Hole Puncher and/or Scissors

STEP-BY-STEP GUIDE

1. Grab your Cosmic Thinking Putty of choice with included Glow Charger
2. Download & Print the Crazy Aaron's Constellation Chart
3. Using the scissors, cut the individual cards out
4. Pick your favorite constellation and use your scissors and or hole puncher to cut out the circles on the card. **IMPORTANT:** cut the circles only
5. Roll your Cosmic Thinking Putty into a ball and press down to flatten it. Make sure the cutout "stars" fit within the putty disc and place the card on top
6. Using the Glow Charger, direct the UV light into the cutout circles or star to charge the glow
7. Quickly remove the card and turn off the lights, using the Glow Charger to connect the star field and reveal the constellation shape underneath
8. Repeat with each card and try our custom Crazy Aaron's constellation too
