

HYDRON
INCORPORATED

TO OUR VALUED CUSTOMERS:

"Service is the Lifeblood of any organization. Everything flows from it and is nourished by it. Customer service is not a department... It's an attitude."

It is that attitude that makes us who we are and propels us to provide our customers the very best, because without our customers we do not exist.

We operate like no other "Distributor". We are not just an "Order Taker". We learn the product lines we represent and will provide you the most current information and knowledge around those lines. If we don't know the answer we will find out.

Our customers have long known us as their "one stop shopping" source. This site is a compilation of multiple manufacturers that have entrusted us to represent them and their products. It is with that trust we promise to provide our customers the best products, knowledge and customer service available to the industry.

As you review this website, if you don't see a particular product and/or manufacturer, just call , WE CAN GET IT! We have access to many other manufacturers than just the ones illustrated.

Thank you for your past support and patronage, and everyone in our organization looks forward to serving you. Because we all know "If we do not take care of the customer someone else will".

- LinemensSupply.com 100% Satisfaction Guarantee. If you are not completely satisfied when a product arrives, contact us within 30 days to arrange exchange or refund.
- Contact us for RGA number to track return.
- All refunds are for cost of merchandise only. No reimbursement for shipping charges.
- All returns must be in original packaging and unused.
- If product was shipped in our error, we will issue call tag for UPS to pickup.

WARRANTY RETURNS

- LinemensSupply.com stands behind all manufacturers warranted items. Any product in question must be returned at customers expense for visual evaluation and review.
- RGA must be obtained prior to product being returned.
- Upon receipt we will contact original manufacturer for their review.
- Refund or replacement will be made upon determination of defective product by the manufacturer.

01 NEW PRODUCTS

BuckLite™ Titanium Black Climber Kit TBG94K1V-BL

Weighing in at only 17 ounces, Buckingham's BuckLite™ Titanium Climbers with Patented GRiP Technology™ bring the best of strength, lightweight functionality, and comfort together in a climber that cannot be found elsewhere on the market. Now featuring patented GRiP Technology™!

Kit includes:

- BuckLite™ Titanium Pole Climbers with Grip Technology™
- Black cushion wrap pads with cinch loop.
- Black hook and loop climber straps.
- BuckViz™ magnetic gaff guards.

BuckAlloy™ Black Climber Kit A94K1V-BL

After listening to customers who wanted a black climber, we developed a new climber kit. This new kit provides the safety and comfort you are used to with Buckingham products, but now features a popular new look, perfect for those just coming into the trade.

Kit includes:

- BuckLite™ Titanium Pole Climbers with Grip Technology™
- Black cushion wrap pads with cinch loop.
- Black hook and loop climber straps.
- BuckViz™ magnetic gaff guards.

ADJUSTABLE SHORT BACK BELT™

The revolutionary patented Adjustable 4 D-Ring Body Belt™ offers an adjustable man-rated upper belt strap and an adjustable lower work positioning D-piece that allows the user to customize the size of the body belt at any given moment. This belt features six sizes – X-small, small, medium, large, X-large and 2XL and users will now have a belt that can adjust three to four sizes. *All Buckingham 4 D Body Belts are patented.*

BUCKET HOOK W/TETHER HOLE

The newly designed bucket hook can fit up to a 2 1/2" bucket lip and now features a tool tether connection eye. The tether connection eye allows for the Buck Tool Tether **600071** to be attached for extra tool fall protection.

Features:

- An outside hook with a 2 1/2" hook opening.
- 40 lb. WLL (3:1 safety factor).
- 2 inside accessory hooks w/15 lb. WLL.
- 3/4" inside opening.

EZ Squeeze™ w/LeverGrab™ 490K3

The most advanced EZ Squeeze™ we have ever created!

Buckingham's most advanced EZ Squeeze™ yet now features the all new Buck LeverGrab™ (LAD). The LeverGrab™ was specifically designed to allow users to lengthen without removing weight from the inner rope of the EZ Squeeze™. The new LAD easily adjusts with one hand and is fully adjustable while under load, making length adjustments much easier. This version also comes with Buckingham's new wear-resistant Tough Rope that is constructed with an energy absorbing nylon core, red braided polyester inner core cover (red wear indicator) and an abrasion and heat resistant Technora outer jacket that eliminates the need for a wear guard. No more jamming of your wear guard! The New Lightweight Design EZ Squeeze™ offers superb Wood Pole Fall Restriction capabilities and allows for the easiest and most functional inner and outer length adjustments in the industry!

*Available with an all black Tough Rope; order model **490K5***

Buck FastStrap™ Quick Connect Climber Footstrap 21402

Great for rodeo competitors, comfortable, convenient, and adaptable. With a hook & loop design for quick and easy adjustments while providing the user an extra tight fit. Easily adapts for use on your climbing boots, rubber boots, and winter over boots.

BuckGuard™ Retractable Gaff Guard (Set of 2) 6910

The Patent Pending BuckGuard™ Retractable Gaff Guard was developed so you never have to worry about losing a gaff guard again and is the first of its kind on the market. After listening to customers who sometimes misplace or lose our popular Magnetic Gaff Guards, we created the BuckGuard™, which takes the possibility of losing a gaff guard out of the equation by using a small and lightweight retractable that attaches to your climber sleeve.

Easily attach the BuckGuard™ to the top of your climber sleeve (works with all manufacturers). The split ring on the end of the wire allows for easy replacement. When ready to climb, kick the gaff guards off, and they will retract onto your pads smoothly and easily. Max Retractable length of 22".

04 BODY BELTS & ACCESSORIES

Buckingham Body Belt Sizing Chart

1. Determine your 'Y' measurement (see method & diagram below).
2. Determine what class your Body Belt is in using the chart below (ex. A 2000M belt is in Class 1).
3. Find your 'Y' measurement, then go across to the column that has your Belt Class. This is the D-size you need to order.
(ex. Your 'Y' measurement is 24" and you want a Class 1 (2000M) Body Belt, you would order a size 26).

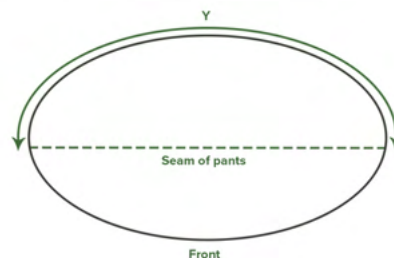

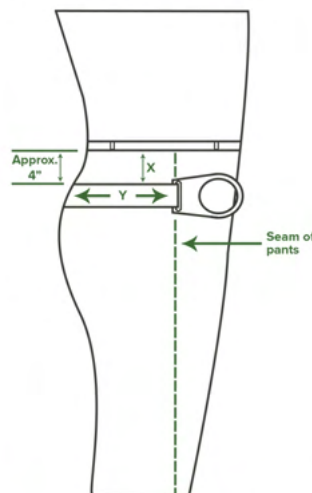

Class 1	2000M, 2000EM*, 20003M, 20005M, 20006M, 2100M, 20182M, 2107M, 1988M, 1958, 1962M, 19655M, 1902, 1993F, 1994F, 1994FR, 4200, 20192M, 20193M, 20122M, 4300
Class 2	2012M, 2013M, 2014M*, 2015M*, 2017M*, 2018M, 20181M, 2019M, 20191M

*Made in sizes 20-30 only

Y Measurement	SIZE TO ORDER	
	Class 1	Class 2
16	18	20
17	19	21
18	20	22
19	21	23
20	22	24
21	23	25
22	24	26
23	25	27
24	26	28
25	27	29
26	28	30
27	29	31
28	30	32
29	31	33
30	32	34
31	33	35
32	34	36
33	35	37
34 (MAX)	36	38

Green Numbers = Standard Sizes
Red Numbers = Non Standard Sizes

X - Distance from waist to top of hip bone where body belt is typically worn.
Y - Measurement is from front of hip bone, around the back and to the front of the other hip bone (Typically from seam to seam of pants).

Note: To ensure proper body belt sizing, always take your Dee (Y) measurement using a tape or sizing belt. Never rely on you current body belt Dee size.

TYPES OF BODY BELTS

Full Float

Full float body belt allows the d-rings to shift approximately 4" and the waist is stationary

Semi Float

On Semi float body belts the d-rings are stationary and the waist strap shifts within the back pad

ADJUSTABLE
SHORT BACK
BELT™

&

HERITAGE
ADJUSTABLE
SHORT BACK
BELT™

The revolutionary Patent Pending Adjustable 4 D-Ring Body Belt™ offers an adjustable man rated upper belt strap and an adjustable lower work positioning D-piece that allows the user to customize the size of the body belt at any given moment. This belt features six sizes – X-small, small, medium, large, X-large and 2XL and users will now have a belt that can adjust three to four sizes. The Adjustable Short Back Belt™ takes all of the features of our popular Short Back Mobility Belt™ and builds them into this new game-changing belt. This belt is perfect for those who work in areas of the country where there are large temperature swings – when one part of the day or season you could be wearing only FR pants and shirt, then next you could be wearing heavy duty Carharts. Having an adjustable belt allows the user to adjust for comfort and practicality. This belt is also great for those entering the trade who may either lose weight during line school or gain weight throughout their career. *All Buckingham 4 D Body Belts are patented.*

BUCKTENDER™

See the NEW video:
[BuckinghamMFG.com/
videos](https://BuckinghamMFG.com/videos)

The BuckTender™ is a lightweight, compact retractable designed to keep excess slack from the tail of the BuckAdjuster™ secondary lanyard or wood pole fall restriction device out of the way while climbing and working. It also allows the user to make length adjustments without having to remove the tail from a hand line hook or ditty bag. The

BuckTender™ is available with a single leg or dual leg (if user has the tails of both the secondary lanyard and wood pole fall restriction device on one side).

The BuckTender™ will break away when approximately 50 lbs. of force is applied.

NEW

Gated Handline Carrier 2402G

Buckingham's new Gated Handline Carrier takes our previous handline carrier (2402) and improved upon it in a number of ways. The carrier is made of Polymer and includes a hole to easily secure it to the body belt with a bolt or zip tie (zip tie included). The carrier will straighten when approximately 25 lbs. of pressure is applied, allowing the handline to pull free. Ideal when using the OX BLOCK™ and related accessories.

- The new handline gate prevents tools and handlines from inadvertently coming off while climbing or working, with a simple flip of the gate, you can now lock it closed to keep your items even more secure.
- The new design allows the user to quickly secure items in the carrier or take them out.
- New shorter belt strap slot that keeps the carrier properly oriented on the belt strap even when leaning outward for work.
- Fits up to a 2" belt strap.

For a heavy duty gated handline carrier, consider 2402GH.

Designed to breakaway when approximately 33 lbs. of pressure is applied. With the gate locked, breakaway strength increases by 10 lbs.

Accessory Tool Holder 2402C

A unique tool/accessory holder that features a spring loaded gate to keep tools safely stowed while climbing and working. Securely attaches to body belt or harness. Small hole on top can be used to attach a tool lanyard. Rated for use with tools/accessories weighing up to 11 pounds. Tool holder is NOT a fall protection device/connector. Never use to attach yourself to an anchor.

**Tool Holster
42266-BL**

A double back holster that remains rigid and prevents tight fitting tools from bending and buckling the back of the pouch when removing tools. Features 5 pockets and a 2 way knife snap. Back length: 9 3/4"

**Short Back
Tool Holster
42266S-BL**

Same features and benefits as model 42266-BL except it's 1 1/2" shorter keeping tools closer and more accessible to the user, making it an ideal choice when using the Buck Mobility belt.

Left handed model also available. Order model: 42266LS-BL.

**Heritage™ Tool Holster
42266-BH**

The Buckingham Heritage™ features products made with top of the line, ultra-soft, distressed leather for that already broke in feel and vintage look. Features tool pockets and a two way snap.

**Heritage™ Short Back
Double Tool Holster
42266S-BH**

Same features and benefits as model 42266-BH except it's 1 1/2" shorter keeping tools closer and more accessible to the user, making it an ideal choice when using the Buck Mobility belt.

Left handed model also available. Order model: 42266LS-BH.

**6 Pocket Holster
42666-BL**

A double back holster that remains rigid and prevents tight fitting tools from bending and buckling the back of the pouch when removing tools. A permanent knife holster conceals knife point along with a 2 way knife snap.

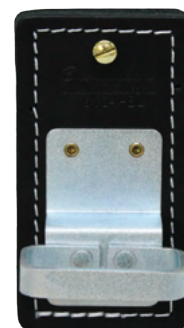

**Short Back
6 Pocket Holster
42666S-BL**

Same features and benefits as model 42666-BL except it's 1 1/2" shorter keeping tools closer and more accessible to the user, making it an ideal choice when using the Buck Mobility belt.

Left handed model also available. Order model: 42666LS-BL.

**Buck LeverJust™
9M8-8**

The Buck LeverJust™ is a lightweight, all aluminum adjustable positioning lanyard. Featuring Buckingham's new LeverGrab™, a one-handed length adjusting hardware device for easy adjustments under load, when climbing or working. Ideal for Ladder work, secondary use on a pole, substation work, or anything involving steel structures. Key features include:

- ½" Kernmantle rope with red warning center to alert user of excessive wear.
- Stitched eye allows user to stow excess tail on a BuckTender or handleline hook.
- Easily used with your left or right hand.
- Adjustable when under load—great for rescue and makes length adjustments easier than ever.
- The Buck LeverGrab™ works with ¾" Kernmantle rope, ¾" TrebleKern Tough Rope.
- Aluminum snap hook and carabiner reduce overall weight and meet ANSI requirements for 3600 lb. gates.
- Meets all applicable ANSI, OSHA and ASTM standards.

Available sizes: 6', 7', 8', 9', and 10'. Please contact Buckingham for additional sizes or styles.

Upgrade to TrebleKern Tough Rope, which is nearly indestructible by ordering part number **92CM-8**.

**Buck LeverJust™ w/Tough Rope
92CM8-8**

Same as our Buck LeverJust™ 9M8-8 except with ¾" TrebleKern rope. Buckingham's new wear-resistant Tough Rope is constructed with an energy absorbing nylon core, red braided polyester inner core cover (red wear indicator) and an abrasion and heat resistant Technora outer jacket that eliminates the need for a wear guard. No more jamming of your wear guard! Meets all applicable ANSI, OSHA, and ASTM standards.

Available with an all black Tough Rope; order model **92EM8-8**

TOUGH ROPE eliminates the need for a wear guard!

**BUCKADJUSTER™
SECONDARIES****BuckAdjuster™
w/Tough Rope**

**8' : 92C+R-8 | 8' Black : 92E+R-8
9' : 92C+R-9 | 9' Black : 92E+R-9**

Tough and lightweight version of Buckingham's popular 9-8 secondary lanyard. This lightweight Adjustable Positioning Lanyard (APL) has all-aluminum hardware and a wear-resistant TrebleKern rope. Tough Rope™ is constructed with an energy-absorbing nylon core, red braided polyester inner core cover (red wear indicator) and an abrasion and heat resistant Technora outer jacket that eliminates the need for a wear guard. No more jamming of your wear guard!

**BuckAdjuster™ w/Steel Hardware
and Clear Rubber Tube**

**8' : 9-8
7' : 9-7**

A fully adjustable positioning lanyard (APL) that features the BuckGrab™ and a 90 degree twist in the eye of the cam for use with a line workers body belt. The BuckAdjuster™ has a full red core wear indicator. Other features include: user friendly patented Buckingham double locking rope snap, clear protective tube to help provide maximum rope life, and a stitched eye that allows user to minimize length for easy storage.

Clear plastic tube protects rope when in use.

**BuckAdjuster™ w/All Aluminum
Components & Superfabric**

**8' : 9A4+R-8
10' : 9A4+R-10**

Aluminum snap hook and carabiner meet ANSI requirements for 3600 lb. gates. Twisted eye length adjusting device for proper orientation on the user's body belt. **Don't want a wear guard? Tough Rope option available: model 92C+R-8. Meets applicable ANSI, OSHA and ASTM standards.**

With a Super Fabric sleeve for protection from excessive wear. Helps rope slide easier on pole or ladder.

**BuckAdjuster™
w/Superfabric
8' : 9V08KQ9-8
10' : 9V08KQ9-10**

Equipped with forged steel double locking snap hook. Rope has a red warning center to alert user of excessive wear. *Meets applicable ANSI, OSHA and ASTM standards.*

With a Super Fabric sleeve for protection from excessive wear. Helps rope slide easier on pole or ladder.

SUPERSQUEEZE™

The SuperSqueeze™ provides superb Wood Pole Fall Restriction. With Buckingham's patent pending WebGrab™ the SuperSqueeze™ can be adjusted with just a flick of the wrist. The SuperSqueeze™ can be configured to fit many climbing styles and needs, and it's modular design makes it easy to change out damaged components or straps in the field. Rated to 350 lbs. All straps & rope have red warning center to alert the user of excessive wear. 3600 lb. Gate Rated Hardware. CSA AB Certified.

SuperSqueeze™
488W2Q3

OTHER
SUPERSQUEEZE™
FEATURES

- Other features include:
- Buck WebGrab™ provides easy one handed adjustment of the brown strap & green strap
 - Can be configured for right handed or left handed individuals
 - One disconnect to climb over an obstruction
 - Lightweight design: Rope model = 4.5 lbs. & Web model = 4.85 lbs.
 - Meets ASTM F887-13 including dry pole, wet pole, conduit & iced pole
 - Modular design for easy strap change out can easily change out worn or damaged components or straps in the field
 - Can easily be configured for rope or web strap

SuperSqueeze™
488W2

Carabiners allow inner web strap to be removed for easy field replacement or to move web grab from left hand to right hand.

SuperSqueeze™
488RQ4

Snap hooks on rope inner not removable so they won't get misplaced or lost.

SuperSqueeze™
488R

Rope inner allows for easier movement of SuperSqueeze™ up and down the pole. Superfabric wear guard on rope decreases wear and moves against the pole easier. Rope has red wear center for easier inspection.

STIRRUP TYPE	STIRRUP WIDTH	SHORT SLEEVES	LONG SLEEVES
Standard	4 1/2"	15 3/4" to 18 1/2"	18 3/4" to 21 1/2"
Narrow	4"	14 1/2" to 17 1/4"	17 1/4" to 20 1/4"

TO SIZE CLIMBERS

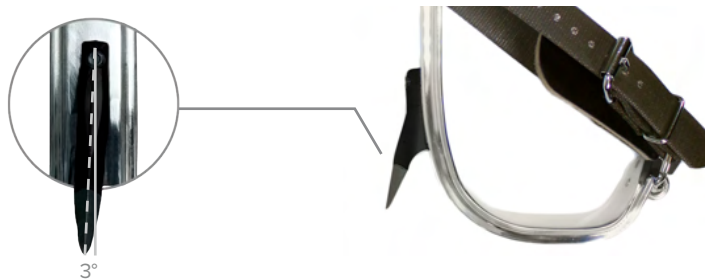

- Measure boot upper at the widest part of arch for correct stirrup width.
- With climber sleeve and pad attached, locate climber 1/2" below inside knee bone, mark location on the climber with a pencil (never scribe a line into the climber) & secure each sleeve with two screws per climber.

Note: For maximum mobility, pull pant leg up before fastening straps.

- Keeps the gaff pointed toward the heart of the pole.
- Aids in preventing cutouts, allowing for better, more comfortable setting of the user's foot and arch.
- Also allows optimum gaff placement on the pole and promotes ease of climbing.

Buckingham's Patented GRiP (Gaff Ridge Position) Technology™ allows linemen to "climb like the old timers but feel comfy like the new guys," says one Journeyman Linemen who has worn the BuckAlloy™ Climbers with GRIP Technology™.

**BuckLite™ Titanium
Black Climber Kit
TBG94K2V-BL**

Weighing in at only 17 ounces, Buckingham's BuckLite™ Titanium Climbers with Patented GRiP Technology™ bring the best of strength, lightweight functionality, and comfort together in a climber that cannot be found elsewhere on the market. Now featuring patented GRiP Technology™!

Kit includes:

- BuckLite™ Titanium Pole Climbers with Grip Technology™
- Black Big Buck™ Wrap Pads.
- Black hook and loop climber straps.
- BuckViz™ magnetic gaff guards.

**BuckAlloy™
Black Climber Kit
A94K1V-BL**

After listening to customers who wanted a black climber, we developed a new climber kit. This new kit provides the safety and comfort you are used to with Buckingham products, but now features a popular new look, perfect for those just coming into the trade.

Kit includes:

- BuckLite™ Titanium Pole Climbers with Grip Technology™
- Black cushion wrap pads with cinch loop.
- Black hook and loop climber straps.
- BuckViz™ magnetic gaff guards.

BUCKALLOY ALUMINUM CLIMBERS

Rated to 350 lbs. and exceeds ASTM F887 standards. Unmatched comfort; the most durable and cost effective lightweight, aluminum climber in the industry. Design allows for easy gaff change out. Pole & tree gaffs are interchangeable. Alloy blend has superior product life cycle. Aluminum Alloy used in transport applications including marine, automotive, and aviation due to its high strength to density ratio.

Steel Pole Climber Kit
SB94089AQ5

A simple pole climber kit that features a steel pole climber, a climber pad that features a cinch loop and a snap on gaff guard.

KIT INCLUDES:
SB94089A Steel Pole Climbers
3502C Cushion Wrap Pads
6909A Gaff Guards

BIG BUCK™
WRAP PAD

The Big Buck™ Wrap Pad is a combination of your two favorite climber pads. We have taken the adjustability of the hook and loop cinch wrap pad, the increased surface area of the Big Buck™ pad and added a moisture wicking Dri-lex lining. Increased surface area to distribute pressure. Thick comfortable pad and moisture wicking Dri-lex lining. Features the adjustability of Hook and Loop Wrap Steel "C-Pad" insert for proper climber shank position. Cinch loop to provide an extra tight fit. Rolled edge to prevent chafing.

**Big Buck™
Wrap Pad**

**Climber Footplate
Steel & Titanium:
35033**

BuckAlloy™:
350331 (Pictured)
Added comfort when standing on a pole. Two plates, one with a rubber sole that faces down, fasten together on the climber stirrup with two screws.

**Magnetic Gaff Guard
6909M2**

Our new magnetic gaff guard features a strong magnet that keeps it securely attached to all manufacturers pole and tree gaffs. Easier to find in the field.

**Snap On Gaff Guard
6909A**

Easy Snap On Gaff Guard fits all Buckingham replaceable pole gaffs with a 16 degree angle.

**Universal Gaff Guard
6909U**

Universal coated wire pole gaff guard made to fit all Buckingham, Bashlin, Klein and Stringer Brooks pole climbers.

**BuckGuard™ Retractable
Gaff Guard (Set of 2)
6910**

The first of its kind on the market, the Patent Pending BuckGuard™ takes the possibility of losing a gaff guard out of the equation by using a small and lightweight retractable that attaches to your climber sleeve.

**Buck FastStrap™ Quick
Connect Footstraps
21402**

Hook & loop design for quick and easy adjustments while providing user an extra tight fit. Easily adapts for use on your climbing boots, rubber boots, and winter over boots.

**Hook and Loop Climber
Footstraps
21401C**

Soft 1 3/4" nylon, offers increased surface area for added comfort to top and back of foot. Hook and loop cinch provides easy attachment and an extra tight fit. Overall length: 28". *Patented.* Version with leather stiffener now available; order model **21403C**.

**Black Hook and Loop
Climber Footstraps
21401C-BL**

This version of the popular Hook and loop climber footstraps comes with a hint of BuckViz™ green. Overall length: 28".

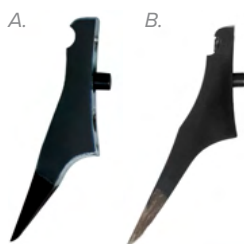

**Two Piece
Foot Strap
21391**

A two piece nylon foot strap with split ring. Measures: 1" W x 26" L.

**Single Piece
Climber Strap
2639**

A single piece Nylon leg strap. Measures: 1" W x 26" L.

**Replaceable Pole Gaff

Adjusts from 19 1/4" to 21 3/4" for standard length climbers. Sold in pairs.

**Buckingham Sleeve
Fasteners
Steel & Titanium:
9215** (Pictured)

BuckAlloy™:
A9215
Package of four replacement barrel fasteners and screws for climber sleeves.

**Buckingham Burr &
Barrell Nut Fastener Kit
66**

Burr & barrel nut fastener kit. One assembled unit per package.

**Gaff Maintenance Kit
6025**

Includes smooth single cut file (6058), a new and improved pole gaff gauge (6303) that also gauges CCA gaffs, and finishing hone (6501).

06 FULL BODY HARNESSES

HARNESS SIZING

HEIGHT	CHEST SIZE					
	34 - 36	38 - 40	42 - 44	46 - 48	50 - 54	56 - 60
5' 4" - 5' 7"	S	S	M	L	X	XX
5' 8" - 5' 11"	S	M	L	X	XX	XXX
6' 0" - 6' 3"	M	M	L	X	XX	XXX
6' 3" +	L	L	X	X	XX	XXX
S = Small M = Medium L = Large X = Extra Large XX = 2X XXX = 3X						

HARNESS INSPECTION

Before each use, it is important to check for the following:

Webbing

- Cuts
- Kinks
- Abrasions
- Cracks
- Excessive wear
- Chest strap Hook & Loop have sufficient adhesion

- Burns or charring
- Broken fibers
- Chemical/Physical exposure
- Loose, cut or missing stitching
- Evidence of shock load to harness

Hardware

- Cracks or nicks
- Distorted/Bent
- Moderate to severe rust or corrosion
- Quick connect buckles don't operate properly

Cuts

Burns

Stitching

Chemical

Broken

Severe Rust/Corrosion

IF ANY OF THESE CONDITIONS EXIST CEASE USE IMMEDIATELY!

BUCK HM™

TRUEFIT™

DIELECTRIC UNIVERSAL HARNESSES

The unique value of Buckingham's new BuckOhm™ TrueFit™ Harnesses, is that they truly are a universal harness. No one else on the market can say that. Competitors say they have a universal harness but its wildly out of adjustment, doesn't fit properly, and is unsafe to the end user. At best, our competitors can say "one size fits many," but Buckingham's unique design allows for these TrueFit™ harnesses to be the ONLY universal harness on the market. One size will fit anyone from a small up to a 3XL! Whether your 5' 1" and 130 lbs. or 6' 6" and 325 lbs., this harness will fit you. We haven't seen anyone that it won't fit, but we also haven't taken it to the carnival yet! Unique adjustment features both on the front and back of the harness make this a perfect choice if you are looking for a universal harness.

BuckOhm™ TrueFit™ w/Pigtail U68L7NQ1

- 9KV rated Dielectric hardware.
- Dielectric quick connect chest buckle.
- 18" Dorsal Pigtail w/9KV Dielectric D-Ring
- Lightweight back pad.
- Dielectric quick connect leg strap buckles for easy donning.
- Frontal rescue loops
- Dual trauma straps.
- Also available in BuckViz Safety Green; use Model **U68L7NQ4**

BuckOhm™ TrueFit™ w/Dielectric D-Ring U68L7NQ2

- 9KV rated Dielectric hardware.
- Dielectric quick connect chest buckle.
- 9KV rated Dielectric dorsal D-Ring.
- Lightweight back pad.
- Dielectric quick connect leg strap buckles for easy donning.
- Frontal rescue loops
- Dual trauma straps.
- Also available in BuckViz Safety Green; use Model **U68L7NQ5**

BuckOhm™ TrueFit™ w/Web Loop U68L7NQ3

- 9KV rated Dielectric hardware.
- Dielectric quick connect chest buckle.
- Web loop dorsal attachment.
- Lightweight back pad.
- Dielectric quick connect leg strap buckles for easy donning.
- Frontal rescue loops
- Dual trauma straps.
- Also available in BuckViz Safety Green; use Model **U68L7NQ6**

BuckOhm™ TrueFit™ X-Style Harness U602P8Q1

- Dielectric quick connect chest buckle.
- Dielectric quick connect leg strap buckles for easy donning.
- Dielectric D-Ring
- Lightweight back & shoulder pads
- Sternal web loop.
- Harness comes w/energy absorbing lanyard breakaway attachment (ensure ANSI compliance if removing back pad) & leg strap retainers to use if needed.

'H' Style Full Body Harness U64937Q0J12

- Web loop dorsal attachment.
- Interlocking chest buckle.
- Interlocking leg strap buckles without chafes.
- Friction buckles for height adjustments.

Harness-Lanyard Combo U64937Q6

- Includes 4 1/2' BuckYard™ Lanyard.
- Universal size (Fits Medium - X-Large).
- Interlocking chest & leg buckles to ensure comfort.
- For a 6' BuckYard™, use model **U64937Q8**.

06 SHOCK ABSORBING LANYARDS

BUCKYARD™ W LOCKING SNAP & WEB LOOP

Ideal for users w/web dorsal loops on harness & who want a light/compact shock absorber.

6' models only - For users up to 420 lbs., add suffix X4. For Factor II Fall (up to 12' free fall) add suffix X12.

For a full body harness w/a dorsal web loop we recommend a corresponding nylon loop on one end of energy absorber with a 1706 locking snap hook on the other end. To order an energy absorber with locking snaps on both ends: 6': **8VV1D16S1**. Meets applicable OSHA, ASTM and ANSI Requirements

**BuckViz™ BuckYard™
84V1D16S1**

BUCKYARD™ W/2 LOCKING SNAPS

Ideal for users w/steel dorsal D-Ring on harness & who want a light/compact shock absorber.

6' models only - For users up to 420 lbs., add suffix X4. For Factor II Fall (up to 12' free fall) add suffix X12.

For a full body harness w/steel D-Ring dorsal attachment we recommend a corresponding energy absorber with 1706 locking snap hooks on both ends. To order an energy absorber with locking snap on one end and web loop on the other end: 6': **84V1D16S1**. Meets applicable OSHA, ASTM and ANSI Requirements

**BuckViz™ BuckYard™
8VV1D16S1**

**BuckYard™
8VV116S1**

BUCKYARD™ STRETCH W/LOCKING SNAP & WEB LOOP

Ideal for those who want smaller equipment (elastic bungee shrinks to approx. 44"). Great for users w/web dorsal loops.

6' models only - For users up to 420 lbs., add suffix X4. For Factor II Fall (up to 12' free fall) add suffix X12.

Same benefits of the Buckyard™ but with the addition of an elastic bungee (this reduces the size of a 6' lanyard to about 44" greatly reducing the chance of tripping over it). For full body harness w/web loop dorsal attachment. 1706 locking snap hook on one end and web loop on the other end. Meets applicable OSHA, ASTM and ANSI Requirements

**BuckViz™ BuckYard™ Stretch
84V7D16S1**

**BuckYard™ Stretch
84V716S1**

SHOCK ABSORBING LANYARDS

**BuckOhm™
BuckYard
84+G1D16S1**

**BuckOhm™
Black BuckYard
84+G1E16S1**

Features Include:

- Dielectric locking snap hook on one end and web loop on the other end.
- Web loop can be hitched to a dielectric or steel D-Ring. Dielectric snaps can be attached to a web loop (with wear guard), dielectric or steel D-Ring.
- Interior materials stretch to reduce the arresting force to less than 900 lbs.

ASTM F887 Electric Arc Performance Requirements & ANSI Z359.

**BuckOhm™
BuckYard
8+G+G1D16S1**

**BuckOhm™
Black BuckYard
8+G+G1E16S1**

Features Include:

- Dielectric locking snap hook on both ends.
- Web loop can be hitched to a dielectric or steel D-Ring. Dielectric snaps can be attached to a web loop (with wear guard), dielectric or steel D-Ring.
- Interior materials stretch to reduce the arresting force to less than 900 lbs.

ASTM F887 Electric Arc Performance Requirements & ANSI Z359.

**BuckOhm™
BuckYard Stretch
84+G7D16S1**

**BuckOhm™ Black
BuckYard Stretch
84+G7E16S1**

Features Include:

- Dielectric Snap Hook on one end & web loop on other end.
- Web loop can be hitched to a dielectric or steel D-Ring. Dielectric snaps can be attached to a web loop (with wear guard), dielectric or steel D-Ring.
- Interior materials stretch to reduce the arresting force to less than 900 lbs.

ASTM F887 Electric Arc Performance Requirements & ANSI Z359.

**BuckOhm™
BuckYard Stretch
8+G+G7D16S1**

**BuckOhm™ Black
BuckYard Stretch
8+G+G7E16S1**

Features Include:

- Dielectric locking snap hooks on both ends.
- Web loop can be hitched to a dielectric or steel D-Ring. Dielectric snaps can be attached to a web loop (with wear guard), dielectric or steel D-Ring.
- Interior materials stretch to reduce the arresting force to less than 900 lbs.

ASTM F887 Electric Arc Performance Requirements & ANSI Z359.

**BuckViz™ ComboYard™
5V67FQ1**

The ComboYard™ combines the best features of multiple common lanyards, accommodating any size angle iron. Features a 5' dual tie-back lanyard with wear guard and a 12' fall (Force Factor II) ANSI rated shock absorber and rescue loops for quick, easy and safe rescue. Includes Tie Back Snaps with 5000lb. rated gate, two ANSI 3600lb. gate Big BuckSnaps™ that attach around angle iron up to 4". Weighs 9.2 lbs. Meets OSHA 1926.954, ANSI Z359.13 and ASTM F887 Arc Flash Requirements.

This heavy vinyl aerial basket tool apron has sewn in pockets through two layers of vinyl coated nylon.

- Three large 3/4" grommets reinforced with PVC rods that suspends the apron from the bucket using Buckingham PVC or polymer hooks.
- Leather knife pouch with snap for hanging your knife.
- 8" magnetic strip that allows the lineman to store loose hardware and easily access it when required.
- Sewn-in stiffener and 2 pocket holsters.
- Hammer loop.
- Features 2 nut and bolt bags.
- 11 socket pockets.
- 1 PVC pipe inserts for auger bit holders.
- 1 Hot Stick Holder.

bucket hooks not included.

**Polymer Bucket Hook
24013**

Fits 3" bucket lips. Molded from a mixture of plastics and nylon, giving it high breaking strength and excellent cold resistance. Sold in pairs.

**Nylon Bucket Hook
2403**

Fits 3" bucket lips. Made of 100% nylon and is virtually indestructible if used in normal conditions. Sold in pairs.

**Polymer Bucket Hook
w/Tapered End
2405**

Fits 3" bucket lips. Tapered end allows user to hang up to 4 rubber blankets without ripping eyelets. Not sold in pairs.

**Canvas Bucket
1215G9**

A vinyl coated nylon bucket with a solid continuous PVC ring in the top and a molded rubber bottom. Bottom is made from high impact thermoplastic rubber for long lasting durability under the toughest working conditions. Polyester rope and swivel snap allows the tool bucket to be suspended.

**Compression Tool Holder
4037G9**

Heavy duty vinyl, heavy neoprene nylon bottom to prevent premature wear. Grommet hole in bottom for drainage and grommet eyes on top for suspension from bucket. 3 pockets 10" W x 16" D, 18" D & 20" D. OAL 26". Bucket Hooks not included. Also available in orange, order model **4037**.

**Oval Bucket
121615CH1L**

All of Buckingham's Oval tool Buckets are made from high impact thermoplastic rubber with drain holes.

Features:

- Molded top rings
- Heavy durable thread that will not rot.
- Heavy Canvas Construction that is folded over outside stitches to protect thread from abrasion and then stitched again on outside for added strength.

Includes 14 outside tool pockets; 15 inside pockets.

The **121615CH1L** canvas bucket made of heavy canvas with a hard exterior canvas body that has molded top rings and nylon web handles. Features 14 outside tool pockets and 15 inside pockets. Bucket hooks are not included.

*For version with an 8" magnetic strip, order model **121615CH1LM2**.*

**Oval Bucket
12166LL**

Includes 8 inside pockets.

A heavy duty canvas bucket with 8 inside tool pockets, a large grommet hole, and a molded top ring. Features a molded bottom with drain holes. Measures 14" L x 6 1/2" W x 10" H.

*For version with an 8" magnetic strip, order model **12166LM2**.*

Buckingham's new mini bucket now features a high-vis green color. Perfect for loose tools, connectors, nuts and other small parts and hardware. Another popular use is for a mini trash can in your truck or on your desk. Great for safety awards.

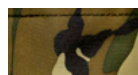

**Mini Bucket
1231G4**

Also Available:

**Camo
Mini Bucket
1231C6**

**3" Magnetic Strip
M23**

Install the magnetic strip onto a number of things like a ditty bag, tool board, bucket truck, or even your body belt. Helps the user keep loose hardware like nuts and bolts easily accessible Kit comes with two screws and the magnetic strip.

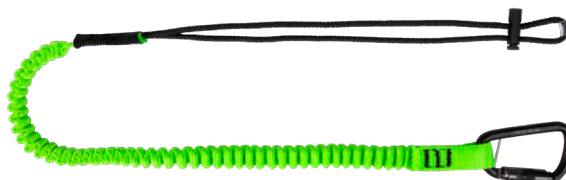

**8" Magnetic Strip
M28**

BUCK TOOL TETHER

NEW

Dropping tools at height is serious, save yourself the worry of dropping a tool with the Buck Tool Tether lanyard that keeps your tools secured and close to you. Expands smoothly with the user's reach to reduce fatigue and contracts easily to the original length when not in use. Helps workers prevent injury, damage, and lost productivity from dropped tools. **NOT for fall arrest.**

**Buck Tool Tether
600071**

Features:

- Stretch cord surrounded by tubular nylon webbing
- Lock stitching at both ends for extra security
- Twist locking aluminum carabiner
- Adjustable tool loop
- Maximum safe working capacity: 15 lbs.
- Length: 38 in – 51 in.
- Helps prevent injuries to workers below due to dropped tools.
- Conforms to ANSI/ISEA 121-2018

**6' Tear Away Tool Lanyard
25Y1V72AQ1**

The 6' Tear Away Tool Lanyard is a great accessory for anyone using tools at height and is rated for tools weighing up to 25 lbs. The design provides for quick attachment to your saddle, harness, or bucket trucks, and protects your tools from being dropped to the ground. The Tear Away Tool Lanyard features a steel locking rope snap (1706) on the anchor end and a web loop on the tool end.

**Buck Tool Strap
24**

The Buck Tool Strap is a hook and loop strap featuring a 3/4" steel d-ring and 1" steel ring. The strap may be cinch locked through a 3/4" steel d-ring to secure a tool and be hung by the 1" steel ring on a bucket hook, handline hook, etc. The Buck Tool Strap is not for use on wrists.

**The BuckLag™
6401**

The BuckLag™ allows you to securely store up to 20 1/4" lags while climbing and like Buckingham's staple sticks, the BuckLag™ will allow you to be more efficient when placing lags on a pole by allowing you to place and start lags without the need to keep handling the hardware. Easily used with both hammers as well as battery operated tools.

**Staple Stick
574**

Used for installing utility staples. Designed to allow the stick to be stored on a Buckingham Gated Handline Carrier (2402G) or a BuckTender™ (2404). Standard carabiners will also suffice if attached to an approved point on a user's body belt or full body harness. Holds 12 staples of varying diameter (0.140" – 0.150") up to 7/8" wide. For larger staples, use P/N 574L.

BUCK BLOCKS & ACCESSORIES

**Buck Side Swivel™
Single Sheave
50071B1**

Heavy duty aluminum pulley with a single side swivel plate and swivel eye. Side plates are ideal for use with progress capture Prusik. 5/8" rope capacity.
WLL: 2500lbf

**Buck Side Swivel™
Double Sheave
50071B2**

Heavy duty aluminum pulley with double side swivel plates and swivel eye. Side plates are ideal for use with progress capture Prusik. 5/8" rope capacity.
WLL: 2500lbf

**Buck Rigger™
Single Sheave
5007R1**

Single sheave pulley with a swivel side plate and swivel eye. 1/2" rope capacity.
WLL: 1800lbf

**Buck Rigger™
Double Sheave
5007R2**

Double sheave pulley with a swivel side plates and swivel eye. 1/2" rope capacity.
WLL: 1800lbf

**Clevi Side Swivel™
Single Sheave
50072B1**

Same features as the regular Buck Side Swivel™ with the added benefit of the clevi top for additional attachment options and easier change out of accessories.
WLL: 2500lbf

**Clevi Side Swivel™
Double Sheave
50072B2**

Same features as the Clevi Side Swivel™ single sheave in a double sheave design.
WLL: 2500lbf

Steel Triple Action Carabiner 5005S3

Steel triple action carabiner. Meets ANSI Z359.12 standards.
MBS 11,240lbs

Buck Pin 223892R

A SLIC Pin specifically customized to fit the OX clevis top. The Buck Pin allows the user to add or remove accessories more quickly and easily than the shoulder bolt does.

10 MM Capture Prusik 705A1-36

10mm Prusik with an aluminum ring. Ideal for a progress capture when using Buck Side Swivels™ as mechanical advantage.

OX TAIL™

39078TAG1-4
4' x 5/8" adjustable sling.
39078TAG1-7
7' x 5/8" adjustable sling.
WLL:
Straight 3200lbf,
Choker 2560lbf,
Basket 6400lbf

30" 8MM Progress Capture Prusik P9J8V-10-30S

A 30" eye to eye Prusik made of 8mm Dyneema rope.

BuckLink™ Sling 3903S-6

The BuckLink™ is made of lightweight Spectra material and each loop is rated to 5,000lbs. With 16 loops, users can adjust the BuckLink sling to form a rated anchor of any size. Versions without carabiner available, order model **3903SQ2-6**

OX HORN 31291B

2" gate opening. Designed to replace a non-rated "meat hook" used by linemen. WLL of 2500lbs with gate closed. 1000lbs WLL with gate open. For use on the Ox Block™ with a clevis top.

OX HOOK™ 2406S

Features a 3600lbf rated locking gate making rescue situations more efficient. WLL of 2500lbs with gate closed. 1000lbs WLL with gate open.

Large RopePro™ Deluxe Bag 4374

Water resistant with rope access port in the lid. Ventilation panels provide air circulation. Holds up to 250' of rope. Measures 16"H x 14"W x 16"D.

Mesh Equipment Bag 45400G10-9

Allows airflow pass for equipment to dry while being stowed. Extremely lightweight. See BuckinghamMFG.com for more sizes. Measures 9"L x 5"W x 5"D.

Gated Handline Carrier 2402G

Gate keeps handline or tools securely stored while climbing or working. Straightens when approx. 25lbs pressure applied, allowing the handline to pull free.

Heavy Duty Gated Handline Carrier 2402GH

Designed to breakaway when approx. 33lbs of pressure is applied. The gate closed breakaway strength increases by 10lbs.

Buck Mini Equipment Bag 506G4P7-14

Heavy Cordura nylon with heavy duty zipper closure. 1" nylon web carry handles. 2 outside pockets with closure snaps. Measures 10"H x 7"W x 10"D.

Rigging Hook 223814R

Manufactured from the finest quality alloy steel and quenched and tempered for maximum strength. Working load limit (WLL) of 1 ton. Perfect accessory for either Buckingham's **50062** or **50063**.

08 TOOLS & HARDWARE

Buckingham BuckViz™ ErgoBlade™ Skinning Knife 7091G

The round handle allows the user to create the proper cutting angle by rotating the knife within the hand instead of constantly and repetitively turning the wrist. OAL: 9 5/8".

For version with notch in blade, order model **70913G**

Buckingham ErgoBlade™ Skinning Knife 7091

The round handle allows the user to create the proper cutting angle by rotating the knife within the hand instead of constantly and repetitively turning the wrist. OAL: 9 5/8".

For version with notch in blade, order model **70913**

Buckingham Cushioned Handle Skinning Knife 7090

Hand formed designed handle fits comfortably in the users hand. OAL: 9 1/2".

For version with notch in blade, order model **70903**

Buckingham Skinning Knife 7089

Hard plastic red handle fits shotguns for remote skinning. OAL: 9 1/2".

For version with notch in blade, order model **70893**

Buckingham Skinning Knife 7086

Hard plastic transparent yellow handle. OAL: 8 7/8".

For version with notch in blade, order model **70863**

MADI Pink Pocket Knife "Save A Life Knife"
95-PK1P

Ideal for: pockets, purses and cars. Features a built in seat belt and/or strap cutter and a built in glass breaker. Includes a belt clip.

Klein Lockback knife
44006

Stainless steel sheepfoot blade. Anodized aluminum handle for corrosion resistance. Includes pocket/belt clip. Blade length: 2 5/8". Closed length: 3 1/2".

Klein Foldable Skinning knife
15504

Extra large curved sheepfoot slitting blade. Ideal for heavy duty line work. Wood grain plastic handle. Blade locks open. Blade length: 2 5/8". Closed length: 4"

MADI Pointed Lineman Knife
PTOLK1P

One flip lineman Knife. Highest grade stainless steel for maximum durability and sharpness. Pointed tip blade. Blade locks open and closed. Push to open and close – enables one handed opening and closing with work gloves on. Reversible belt clip.

MADI Blunted Lineman Knife
PTOLK3B

One flip lineman Knife. Highest grade stainless steel for maximum durability and sharpness. Blunted tip blade. Blade locks open and closed. Push to open and close – enables one handed opening and closing with work gloves on. Reversible belt clip.

MADI Spring Assisted Lineman Knife
SALK1

Spring assisted – quick one handed opening (Left or right handed). Push button close – enables one handed closing. Safety Blade lock when closed. Highest grade stainless steel for maximum durability and sharpness. Reversible belt clip. Made to open and close with work gloves on

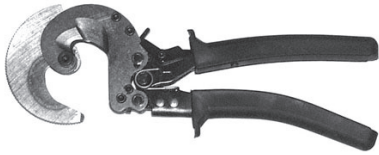

Speedy Sharp Knife Sharpener
SSY

Worlds fastest sharpener. Made of MICRO 100 Super Carbide. Will never wear out. Sharpens knives, scissors, chisels and more!

Klein 6' Fiberglass Folding Rule
9106 - Inside Read (pictured)
9116 - Outside Read

Black markings on yellow, with red stud center markings. Constructed of tough nylon, reinforced with glass fibers. Positive locking joints and stainless steel spring hinges.

**JENNY Ratchet Drive ACSR Cutter
9009**

One handed operation. Compact handle lock for carrying in belt or pouch. A variable force tool by allowing handles to open fully or less than full distance after each handle closure. Steel handled. Replaceable blades. Capacity: 336 MCM ACSR/350 MCM Cu. Cuts up to $\frac{3}{16}$ " diameter mild steel bolts. ACSR Cable Diameter: .74". Length: 10.5". Weight: 1.2 lbs.

**Klein Ratcheting Cable Cutter
63060**

Cleanly cuts copper up to 400 MCM, as well as aluminum and multi-conductor cables up to 600 MCM. Unique ratchet action holds cable tight and allows rapid, straight cuts with minimum effort. Hold-open spring speeds cutting action. Quick-release lever opens blade at anytime during operation. Large, finger-formed handles have limit guards and plastic covering for comfort. Compact, lightweight tool can be locked in closed position for pouch carrying. Not designed for cutting steel or ACSR. Length: 10". Weight: 1.70 lbs.

**Lowell Triple Square Wrench
151T**

Three socket sizes in one wrench. Square sizes: $\frac{3}{4}$ ", 1", 1 $\frac{1}{8}$ ". Ergonomic handle grip. Bolt through design allows long bolts to pass through head. OAL: 13". Weight: 2 $\frac{1}{4}$ lbs.

**Lowell Dual End Triple Square Wrench
100TDE**

Five socket sizes in one wrench. Square sizes: $\frac{3}{4}$ ", 1" & 1 $\frac{1}{8}$ " - Hex sizes: $\frac{9}{16}$ " & $\frac{3}{4}$ " ($\frac{3}{4}$ " hex also turns $\frac{5}{8}$ " square nuts.) Bolt through design allows long bolts to pass through head. OAL: 9". Weight: 1 $\frac{1}{4}$ lbs.

**Lowell Dual End Triple Square Wrench
103TDE**

Five socket sizes in one wrench. Square sizes: $\frac{3}{4}$ ", 1" & 1 $\frac{1}{8}$ " - Hex sizes: $\frac{9}{16}$ " & $\frac{3}{4}$ " ($\frac{3}{4}$ " hex also turns $\frac{5}{8}$ " square nuts.) Bolt through design allows long bolts to pass through head. OAL: 12 $\frac{1}{4}$ ". Weight: 2 $\frac{1}{4}$ lbs.

**Lowell Quad Square Wrench
8D4T1**

Four socket sizes in one wrench. Square sizes: $\frac{3}{4}$ ", $1\frac{1}{16}$ ", 1" & 1 $\frac{1}{8}$ ". 36 teeth ratchet reduces throw angle for work in tight spaces. OAL: 13 $\frac{1}{4}$ ". Weight: 1 $\frac{3}{8}$ lbs.

**MADI Tri Square Big Ratchet Wrench
BWS3**

3-in-1 socket wrench fits log bolts, "C" clamps and suspension bolts, square nuts: $\frac{3}{4}$ ", 1" & 1 $\frac{1}{8}$ " and fits log screw heads $\frac{5}{8}$ ", $\frac{3}{4}$ " & $\frac{1}{2}$ " bolts. Stainless steel sockets to enhance durability and minimize rusting. Ratchet mechanism with reversing control. Non-conductive patented handle – up to 30% lighter. Tapered handle for easy storage in belt or bucket. Built in safety lanyard hole for tethering where required.

**Rauckman 4-in-1 Bug Wrench
BW244**

Heavy duty forged ratchet bug wrench has 2 different sizes on each end. End 1 fitting: 1/2" & 5/8". End 2 fitting: 9/16" & 3/4". 1000V rated when held behind handle rib. OAL: 9 1/2".

**Rauckman Heavy Duty 9/16" x 3/4" Bug Wrench
BW223HD**

Heavy duty forged ratchet bug wrench has 2 different sizes on each end. End 1 fitting: 9/16" ratchet. End 2 fitting: 3/4" ratchet. 1000V rated when held behind handle rib. OAL: 9 1/2".

**Rauckman 9/16" x 3/4" Bug Wrench
BW223**

Ratchet bug wrench. End 1 fitting: 9/16" ratchet. End 2 fitting: 3/4" ratchet. 1000V rated when held behind handle rib. OAL: 9".

**Rauckman Bug Wrench
BW2243 - 13/16" x 15/16" (Pictured)
BW2235 - 5/8" x 11/16"**

Ratchet bug wrench. 1000V rated when held behind handle rib. OAL: 10".

**Rauckman Flex Head 4-1 Bug Wrench
BW288**

Flexible Heavy Duty, Ratcheting Wrench, 1/2" & 5/8" x 9/16" & 3/4", with Insulated Handle.

**Klein Lineman's Wrench
3146 - For 5/8" hardware (Pictured)
3146A - For 3/4" hardware**

Forged and heat treated steel for long life. Each end has two different size openings. Hole at large end for turning in standard pole steps. OAL: 13"

**Klein Lineman's Wrench
3146B**

Similar to standard lineman's wrench, but with end openings sized to NEMA hardware specifications. Forged and heat treated steel for long life. Silver painted finish. Large end has 1 1/16" and 1 3/16" openings. Small end has 1/16" and 7/8" openings. OAL: 13"

**Klein Adjustable Wrench
D50710 - OAL: 10 3/8", 1 3/4" cap (Pictured)
D50712 - OAL: 12", 2 3/8" cap**

Extra capacity allows use of a smaller size wrench to handle bigger jobs, especially in confined spaces. Forged heat treated alloy steel for maximum strength and lightweight. Transparent red plastic dipped handle.

**Klein Adjustable Spud Wrench
3239**

Versatile wrench fits nuts and bolts to 1 1/2" Eliminates the need for carrying several fixed size wrenches. Industrial black finish for corrosion resistance. OAL: 16"

**Buckingham Goat Wrench
7071**

The jaws are designed so that a nut, bolt or pipe is drawn further into the throat as pressure is applied. Made from alloy steel to withstand hard usage. OAL: 12"

Klein Heavy Duty Cutting Journeyman Pliers
J20009NE

High leverage side-cutting pliers. Cuts ACSR, screws, nails and most hardened wire. Light blue/black journeyman handles. OAL: 9 1/2".

Klein Heavy Duty Cutting Bolt-Thread Holding Pliers
D20009NETH

High leverage side-cutting pliers. Cuts ACSR, screws, nails and most hardened wire. Bolt holding hinge holds and cleans 5/8" pole line hardware or threaded rod. Royal blue plastic dipped handles. OAL: 9 3/8".

Klein Heavy Duty Cutting Pliers
D20009NE

High leverage side-cutting pliers. Cuts ACSR, screws, nails and most hardened wire. Royal blue plastic dipped handles. OAL: 9 3/8".

Klein Heavy Duty Bolt-Thread Holding Pliers w/Heavy Duty Handle
HD2139NETH

High leverage side-cutting pliers. Bolt holding hinge holds and cleans 5/8" pole line hardware or threaded rod. Heavy duty, oversized light red plastic dipped handles. OAL: 9 1/2".

Klein Bolt-Thread Holding Pliers
D2139NETH

High leverage side-cutting pliers. Bolt holding hinge holds and cleans 5/8" pole line hardware or threaded rod. Dark blue plastic dipped handles. OAL: 9 3/8".

Klein Diagonal Cutting Pliers
D228-8

High leverage diagonal cutting pliers. Red plastic dipped handles. OAL: 8 1/16".

Klein Pump Pliers
D50210 - OAL: 10", 1 3/4" jaw cap
D50212 - OAL: 12", 2 3/8" jaw cap

Secure tongue and groove design for non-slip grip, even with heavy pressure. Quick-adjust rivet allows one-handed fast, easy adjustment. Yellow plastic dipped handles.

**Klein Demolition Screwdriver
6027DD**

Keystone shank tip width: $\frac{5}{16}$ ". Engineered, manufactured and tested for prying and chiseling. Plated metal strike cap to protect handle from hammer blows. OAL: 12 $\frac{3}{8}$ "

**Klein Heavy-Duty Square Shank Screwdriver
6008 - 8" shank, OAL: 13 $\frac{7}{16}$ "
6006 - 6" shank, OAL: 10 $\frac{15}{16}$ "**

Shank tip width: $\frac{3}{8}$ ". Heavy duty square shank for wrench assisted turning.

**Klein Heavy-Duty Round Shank Screwdriver
6026 - 6" shank, OAL: 10 $\frac{15}{16}$ "
6028 - 8" shank, OAL: 13 $\frac{7}{16}$ "**

Keystone shank tip width: $\frac{5}{16}$ ". Heavy duty round shank. Hex bolster reinforces shank and allows for wrench assisted turning.

**Klein Linemen's Milled-Faced Hammer
80936MF - Mill face/staple driving (pictured)
80936 - Smooth face**

One milled face for driving staples, the other face is smooth for driving heavier hardware, Head designed at 3 $\frac{3}{4}$ " for tight places. Head weight: 36oz. Overall weight: 2.5lbs. OAL: 14"

**MADI Milled Face Lineman Hammer
95-MLH1**

Large head for driving lag screws, "J" hooks and hard heads. Small staple starter head. Integrated staple puller (also replaceable – $\frac{5}{64}$ " Allen Key). Integrated "J" hook remover. Fiberglass non conductive handle. Longer handle for 2 handed driving. 35oz.

**MADI Claw Milled Lineman Hammer
95-CMLH1**

Large head for driving lag screws, "J" hooks and hard heads. Claw end for removing ground wire and molding. Integrated staple puller (also replaceable – $\frac{5}{64}$ " Allen Key). Integrated "J" hook remover. Fiberglass non conductive handle. Longer handle for 2 handed driving. 32oz milled face.

Lowell Distribution Triple Square Impact Socket
23269089900 - Socket w/adapter (Pictured)
23269089907 - Adapter only

Three socket sizes in one impact socket. Square sizes: $\frac{13}{16}$ ", 1" & 1 $\frac{1}{8}$ ". OAL: 7 $\frac{3}{4}$ ".

Lowell Single End Triple Square Impact Socket
21R8T160000 - Socket w/adapter (Pictured)
21U1108000 - Adapter only

Three socket sizes in one impact socket. Square sizes: $\frac{13}{16}$ ", 1" & 1 $\frac{1}{8}$ ". Easily change sockets by sliding locking head. Hollow shaft allows for use on $\frac{13}{16}$ " long bolts. OAL: 9"

Klein 2-in-1 Impact Socket
66004 - 6 Point (Pictured)
66001 - 12 Point

One socket automatically changes from the $\frac{9}{16}$ " hex to the $\frac{3}{4}$ " hex. Just press on a $\frac{3}{4}$ " hex and the $\frac{9}{16}$ " hex slides back! OAL: 3 $\frac{1}{2}$ ".

Klein 2-In-1 Impact Socket Set, 6-Piece
66010

Six-piece set consisting of the commonly used impact socket sizes used in utility and construction work including 1 $\frac{1}{8}$ " x $\frac{15}{16}$ ", 1 x $\frac{13}{16}$ ", $\frac{7}{8}$ " x $\frac{1}{4}$ ", $\frac{3}{4}$ " x $\frac{9}{16}$ ", $\frac{5}{8}$ " x $\frac{7}{16}$ ", and $\frac{1}{2}$ " x $\frac{3}{8}$ ". Each impact socket features two coaxial spring-loaded sockets in one. The high-torque, 12-point design is easier to position on fasteners including square ones. Available in a convenient carrying case.

Klein 3-in-1 Impact Socket
NRHD

Features three square socket sizes: $\frac{3}{4}$ ", 1" and 1 $\frac{1}{8}$ ". $\frac{7}{16}$ " hex quick-change adapter included. Fine tuned ball tip provides improved retention, minimizing drops. $\frac{13}{16}$ " diameter, 6" (152 mm) long hollow shaft allows use on long threaded bolts.

Klein 4-in-1 Square Impact Socket
NRHD4

Single-ended impact socket with hands free adjustment between socket sizes. Two coaxial spring-loaded sockets in one tool. Includes $\frac{3}{4}$ ", $\frac{13}{16}$ ", 1" & 1 $\frac{1}{8}$ " square socket sizes plus a $\frac{7}{16}$ " hex quick-change adapter. Works on $\frac{1}{2}$ ", $\frac{5}{8}$ " & $\frac{3}{4}$ " pole hardware. $\frac{13}{16}$ " diameter, 6" (152 mm) long hollow shaft allows use on long threaded bolts. Cross hole design to prevent unintentional separation of adapter and socket.

Aircraft Dynamics Blue Bully Impact Adapter
2801

Designed for high torque impact wrenches. Aerospace quality/engineered shock steel. $\frac{1}{2}$ " male square drive x $\frac{7}{16}$ " male hex.

Proto Impact Adapter
05117

$\frac{1}{2}$ " male square drive x $\frac{7}{16}$ " male hex.

MILWAUKEE® SHOCKWAVE™

The MILWAUKEE® SHOCKWAVE™ Impact Duty™ Drive Sockets are engineered for extreme durability and provide up to 30X life. The impact driver socket adapters are made from a proprietary steel, heat-treated for maximum strength and durability to control hardness. The impact socket has a thin wall construction for easy access in tight spaces. The SHOCKWAVE™ Impact Duty™ Socket Adapters feature 6-point deep wells for unyielding fastener engagement and are designed for use with impact wrenches in heavy-duty applications. Length: 3". Size: ⅝". Drive Size: ½".

Milwaukee Impact Socket ½" Sq X ⅝"
49-66-464
Length: 3". Size: ⅝". Drive Size: ½".

Milwaukee Impact Socket ½" Sq X ¾"
49-66-4467
Length: 3". Size: ¾". Drive Size: ½".

MILWAUKEE® IMPACT WRENCH

MILWAUKEE® M18 FUEL™ ⅞" Hex Utility High Torque Impact Wrench w/ ONE-KEY™ delivers the Fastest Drilling Speed, More Power, and is Built for Maximum Control. The POWERSTATE™ Brushless Motor and all-new mechanism provide linemen with 30% faster drilling speeds, increasing your productivity while on the job. With up to 750ft-lbs max torque, this battery powered impact wrench gives you more power for effortless removal of rusted or corroded hardware. It is ergonomically designed for the lineman, providing you with superior control whether in-bucket, on-ground or climbing. The extended handle offers you increased grip surface, perfectly fitting high voltage safety gloves for improved comfort, less fatigue, and balanced maneuverability. This is the first ⅞" high torque impact gun in the industry to be equipped with a QUIK-LOK™ chuck, uniquely providing faster and easier bit changes. You can keep one hand firmly on the tool's handle while inserting augers, sockets and other essential power utility accessories. The integrated lanyard loop allows you to easily transfer and store the tool. REDLINK PLUS™ Intelligence ensures maximum performance and protects your impact from overloads, heating, and over-discharge. The REDLITHIUM™ Battery Pack is compatible with 175+ M18™ tools, delivering you with more work per charge and more work over the life of the pack than competitors. With ONE-KEY™, you also gain the ability to Customize, Track and Manage your utility impact. ONE-KEY™ technology also allows you to save up to 4 task settings directly to the tool. If your tool is ever lost or stolen, its tracking functionality can lock it out.

**Bullard Yellow Full Brim Hard Hat
33YLR**

Bullard Full-Brim Hard Hat Yellow Hat with 6 point ratchet suspension. The Full Brim hat offers increased protection from harmful UV rays, glare, splash and rain.

**Buckingham 'BUCK' Hard Hat
HARDHATG**

The Buck hard-hat made by Bullard is a full-brim hard hat that features a replaceable cotton brow pad. The suspension system has six points of attachment with six separate keys for a secure fit and 1" wide crown straps for comfort. The Buck hard hat by Bullard is all about comfort without sacrificing safety.

**Benchmark FR 'Face Muffler' Gaiter
3049FRB - Beige
3049FRLG - Gray**

Features:

- Two-in-One Sizing Flip For More Stretch
- "Super Soft" Fabric
- 100% Flame Resistant Materials
- All Season Applications
- Rib Mouth Allows for Easy Breathing
- Skin Safe, Non-Allergenic Moisture Wicking

Compliance:

- ARC Rating (EBT) = 6.4 cal/cm2
- NFPA 70E
- Arc Level / HRC 1
- Meets ASTM F1506
- OSHA 1910.269
- OSHA 1910.960
- NESC 2012

**Gateway Scratch-Resistant Wraparound Safety Glasses
16GB80 - Clear (Pictured)
16GB83 - Smoke**

UV protection 99.9%. Includes breakaway eye wear retainer. Standards ANSI Z87.1+, CSA Z94.3.

Superior Endura Leather Work Gloves
365DLX2

Select heavyweight grain horsehide leather that has been treated with fluoro chemical water repellent. 2" retro reflective striped safety cuff. All seams sewn with Kevlar®. Sizes M - 2XL.

Superior Endura Thinsulate Lined Leather Work Gloves
365DLX2TL

Select heavyweight grain horsehide leather that has been treated with fluoro chemical water repellent. 2" retro reflective striped safety cuff. All seams sewn with Kevlar®. Sizes M - 2XL.

Superior Endura Kevlar Lined Glove with Gauntlet Cuff
399GKGL5

High tensile-strength goatskin provides outstanding abrasion resistance. Blended Kevlar® composite filament fiber lining for excellent cut resistance. Arc flash testing placed this glove at level 4 with an ATPV = 41 cal/cm. Extended gauntlet cuff for more protection. Wing thumb for better durability and comfort. Heat protection of up to 284°F (140°C). Sizes S - XL.

Youngstown General Utility Lined w/Kevlar®
05308070

Youngstown took their best selling utility design and lined every inch of the glove with Kevlar® fiber to create the worlds first cut-resistant performance glove. Sizes S - 3XL.

Youngstown Safety Lime Hybrid Gloves Lined w/Kevlar®
12319010

Safety Lime Hybrid Lined w/Kevlar® is a durable, cut-resistant and comfortable work glove with an east access slip-fit cuff. Sizes S - 3XL.
