

WHY CONSIGN?

Consigning is a rewarding sales channel for liquidating your unsold merchandise.

Make room to showcase your full-priced items and reduce storage clutter.

Increase your ROI.

Earn capital to purchase new inventory.

Remove clearance items to promote the full-priced merchandise.

HOW CONSIGNMENT WORKS:

Boutiques receive 50% commission on all items sold.

Pricing starts at 50% off the original retail price.

Items are sold for 90 days, or rotated between stores without expiration. Checks are mailed monthly.

Detailed inventory lists correspond with item numbers on the checks allowing you to reference sold items.

SWAP'S MULTIPLE LOCATIONS AND ONLINE PRESENCE:

Swap Boutique™has three locations in the greater New Orleans and Baton Rouge areas as well as an online store. We can place the items in any location you choose, or we can rotate your merchandise in all four. Many of our partners benefit from the multiple locations because we attract a different demographic in each shop. Our ultimate goal is to get our partners the highest return on each item.

WHY CHOOSE SWAP BOUTIQUE™?

Higher return on your investment:

Many of our clients choose to consign rather than liquidate because they make a higher percentage of the retail value for each piece.

Income:

Swap offers a partial pay advance option for items consigned. This helps our boutique partners earn immediate income to purchase new inventory.

Confidentiality:

We respect the privacy of each of our boutique partners and keep all partners completely confidential.

LOCATIONS:

7643 JEFFERSON HWY, BATON ROUGE 3822 MAGAZINE ST, NEW ORLEANS 7356 SW 57th AVE, SOUTH MIAMI
