CRISS CROSS CANDY

HOW TO PLAY

1 This is a two player game, so find a friend or another family member that you'd like to share the fun / sweets with. Each player chooses their sweets.

2 THE AIM OF THE GAME: Each person takes turns to place a sweet on the grid, get 3 of your sweets in a line to win, (you can then eat those 3). They can run up, down or diagonally on the grid.

3 Note down who wins each game, the person with the most wins by the time the sweets run out is **CRISS CROSS CANDY CHAMP!**
