

## FOOD PACKED FULL OF FUN

CRAFTANDCRUMB.COM

## T'S TIME TO GET STRINGING \*\*

This kit is less about the baking and more about the making. Remember to have fun but don't eat all the sweeties before you've made your fabulously fun creations.

- Decide what you want to make and cut a piece of the supplied string. Make sure you keep enough length to tie the ends for when you're finished stringing.
- 2 Before stringing any sweets, tie one of your larger sweets to one end of the string, this is a super simple way of making sure your sweets don't fall off the end while stringing.
- **3 It's stringing time!** String what ever sweets you think look cool together, or maybe the ones you just can't wait to munch through!
- 4 Once all sweets are on, remove the sweet you tied to one end. Hold both ends securely so the sweets don't fall off and carefully tie a knot. Your first piece of sweetie jewellery is now complete!

INGREDIENTS TO ADD:

• YOUR FAVOURITE LOOPED CEREAL (OPTIONAL)

SAFETY TIP
We recommend parents
do the string cutting!
Keep scissors away
from little hands!

TASTY TIP

For a wholesome
treat add some of
your favourite looped
Cereal into
the mix

NICE WORK!

NOW TO SEE WHAT ELSE YOU CAN MAKE!
