

I know what "IT" is!

"It is In the Igloo" is back! This activity is only available to kindergarten and first grade students. Simply print a copy of this page for each student. Have them carefully cut out the igloos and fold. They may need some help with the middle or you might have to tape it together.

Ask each of your students to draw, color, and label what they think "IT" is. Return the igloos to the address at the right. VoWac will select their favorites and give t-shirts to students chosen. **Igloos must be post marked no later than 04 NOV 2019.**

Return igloos to:

IT IS IN THE IGLOO
