SANDERS

Dust-free sanding

Mirka electric sanders are brushless, powerful, lightweight and have low vibration, making them a popular choice for many in the drywall industry.

When used with dust-free abrasives and dust extractors, these sanders enable a flawless dust-free environment.

A cleaner & healthier workshop

1230 M AFC Dust Extractor
SKU: 8999228111

Today, health and safety issues are becoming increasingly important. Sanders and abrasives are made more and more efficient, with focus on dust-free applications.

This development places higher requirements on the dust extractors. Mirka's range of dust extractors and accessories meet the demands of the market and of the health and safety authorities.
