Congratulations on the purchase of your Workzone® Titanium 300 Piece Drill and Bit Super Set. When you open your packaging, first remove all items and check there are no parts damaged or missing. If you find anything wrong, do not operate the product until the parts have been replaced or the fault has been rectified. Failure to do so could result in serious personal injury.

Contents of carton
1 x 300 Piece Drill & Bit Super Set
1 x Instruction Manual
1 x Warranty Card

Warranty
Your new Workzone® Titanium 300 Piece Drill and Bit Super Set will more than satisfy your expectations.
It has been manufactured under stringent Workzone® Titanium Quality Standards to meet superior performance criteria.
You will find your new 300 Piece Drill and Bit Super Set easy and safe to operate, and, with proper care, it will give you many years of dependable service.

CAUTION. Carefully read through this entire instruction manual before using your new Workzone® Titanium 300 Piece Drill and Bit Super Set.
Take special care to heed the Cautions and Warnings.
Your Workzone® Titanium 300 Piece Drill and Bit Super Set has many features that will make your job faster and easier. Safety, performance, and dependability have been given top priority in the development of this 300 Piece Drill and Bit Super Set, making it easy to maintain and operate. Use only Workzone® Titanium replacement parts for your product. Non-conforming parts or modifications made to parts will void your warranty.

Environmental protection
Recycle unwanted materials instead of disposing of them as waste.
All tools, hoses and packaging should be sorted, taken to the local recycling centre and disposed of in an environmentally safe way.

What your 1 year warranty means
Great care has gone into the manufacture of this product and it should therefore provide you with years of good service when used properly.
In the event of product failure within its intended use over the course of the first 1 year after the date of purchase, we will remedy the problem as quickly as possible once it has been brought to our attention. In the unlikely event of such an occurrence, or if you require any information about the product please contact us via our after sales support services, details of which can be found in this manual and on the product itself. After Sales Support TEL: 1800 909 909
Please refer to the enclosed Warranty Certificate for further details.

Service Support
If you have any issues with your product, please call us on our Customer Service Support Line, 1800 909 909 for advice or email us at help@powertoolsupport.com

Intended use of the 300 Piece Drill & Bit Set
NOTE: This product is for private domestic DIY use only.
It is not suitable for commercial or trade use.

Ensure you keep your manual in a safe place for future reference. IM ed2
# Drill Bit Usage Guide

1. **Open/loosen chuck**
2. **Insert required bit**
3. **Tighten chuck**

---

**Magnetic Holder Bit**

- Used in conjunction with driver to hold the bit in place.

**Countersink Bit**

- For holding magnetic bits in place.

**Centerset Bit**

- Designed for use on soft materials such as timber and plastics, not metals.

**Steel Black Finished**

- Used in conjunction with hole saw bits.

**Allen Key Finders**

- Used in conjunction with driver.

**Notch Driver**

- For driving / removing various types of screws. For use with hexagonal sockets in the head of screws.

**Gauge / Screw Guide**

- Suitable for driving / removing various types of screws. For use with hexagonal sockets in the head of screws.

**Counter Sink (Carbon 45#, Sand Blasted)**

- For driving / removing various types of screws. For use with hexagonal sockets in the head of screws.

---

**Material:**

- **Steel Black Finish:**
  - High quality steel material suitable for use in various applications.

- **Titanium Coated:**
  - High hardness and wear resistance.

- **Zinc Plated:**
  - Corrosion resistance.

- **Chrome Plated:**
  - High resistance to abrasion and corrosion.

---

**Blades**

- **High Speed Steel:**
  - Faster cutting speed.

- **High Speed Steel Titanium Coated:**
  - Higher hardness.

**Percussion Bits**

- **Zinc Plated Masonry Drill Bits:**
  - Suitable for use where the head of a screw/bolt needs to be recessed into the timber.

---
