<b>Description</b>	Connect a handrail to our standard guardrails easily. Simply drop the bracket into the square tube of the guardrail and lock it in place with a key. The ADA handrail bracket can be used for ADA ramps. The bracket is designed to receive a 1.900" pipe which is the same profile as our stage deck legs. Available in black or mill finish. Alternatively, you can purchase it from any good local aluminium supplier. The bracket can receive standard Keeklamp or Alvin components.
