## Clamp on Flange

SKU	84215021017
Dimensions	Fits 1.9" tube diameter
Weight	4 lbs
Load Capacity	1600 lbs vertical
Material	Aluminum 6063
Color/paint	Black coated
Link to website	<a href="#">(Click here)</a>
Description	This is the perfect tool to create railing with standard 1.900 tubes. The bracket clips on to the deck and allows you to have a flange without the need to screw into the plywood core. Perfect for gala staircases, or whenever where you need slick tubular on edges. Also perfect for central hand rail on gala stairs or even to install a decor on the side of a stage, a boom for lighting... name it... this will work!
