## Highly Concentrated Carpet & Fabric Protector

### Description

FiberCop is a **VERY economical** protectant formulated with a unique blend of fluorochemicals to deliver outstanding protection against both oil and water based soils & stains....It also delivers excellent protection against damaging dry soils. Since the square foot application rate is VERY high, **dry times are greatly reduced over most other water based protectants** on the market.

### Applications

May be used on all colorfast carpet and upholstery including wool.

#### Application Chart

Application	Dilution	Application Rate
Carpet	None... Comes	1000 - 1500 SF per Gal
Upholstery (colorfast)	Ready to use	Sofa: 16 - 24 oz Chair: 8 - 12 oz

### Directions

- ▶ Test all carpet/upholstery for color fastness before applying Fiber Cop or any product.
- ▶ Apply according to application chart.
- ▶ Best applied with a low pressure sprayer using 30 to 50 PSI and a 8001 Tee Jet. A trigger sprayer can be used to apply on upholstery.
- ▶ To insure a complete and even coverage, use a 50% overlapping spray pattern and brush or rake carpet immediately after application.
- ▶ If accidentally applied to other surfaces, such as hardwood floors or baseboards, wipe off before the product becomes dry.
- ▶ Tell customer to allow their carpet/upholstery to dry before using.
- ▶ Flush application equipment with water after use.
- ▶ If product becomes frozen, thaw at room temperature and shake well before using.

See product label and MSDS for additional information and instructions.

### Benefits

- ▶ Great Value (more profit per Sq Ft).
- ▶ Very fast dry times.
- ▶ No dilution required.
- ▶ More repellency than the "Big Name brands".
- ▶ Available in several fragrances.
- ▶ Carpets stay cleaner longer.
- ▶ Easy to apply

### Other Info
