

OWNER'S MANUAL

Air Purifier
Model: KJ350G-S1

READ AND SAVE THESE INSTRUCTIONS

Attention: Pictures in the IM are for reference only.

CAUTION

Read Rules for Safe Operation and Instructions Carefully.

WARNING

1. If the supply cord is damaged, it must be replaced by manufacturer, its service agent or a similarly qualified person in order to avoid a hazard.
2. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
3.  Correct Disposal of this product
This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling. The packaging material is recyclable. Dispose of the packaging in an environmentally friendly manner and make it available for the recyclable material collection-service.
4. Indoor and household use only.
5. When the appliance is not in use and before cleaning, unplug the appliance from the outlet.
6. To protect against the risk of electrical shock, do not immerse the unit, cord or plug in water or other liquid.

7. Do not place other items on top of the appliance, and forbid sitting or standing on this appliance.
8. Please use the original filter provided by the factory. In case of other filters, the best results cannot be achieved.
9. Do not insert the fingers or objects into the air inlets or air outlets to prevent the product from physical damages or malfunction.
10. Please unplug the power cord immediately and contact the service center in time when the appliance suffers abnormal sound or burnt smell or smoke.
11. Do not spray flammable substances near the appliance; Do not spray water directly on the appliance or use chemical cleaners like alcohol or hydrochloric acid, etc.; Do not place water containers, medicines, or flammable materials on the appliance.
12. Do not block the air inlets/outlets of the appliance with any item.
13. This appliance cannot replace natural ventilation and other appliances like the vacuum cleaner, kitchen ventilator, etc.
14. When the appliance is working, it must be placed on a dry, flat and stable floor, with at least 30cm space reserved around it.
15. Do not put it in a place with direct sunlight.
16. To prevent electromagnetic disturbance, the appliance must keep a certain distance from the TV, radio, microwave oven and others.
17. The mist produced by the ultrasonic humidifier may affect the PM2.5 detection of this appliance, and both should maintain a certain distance.
18. Do not disassemble or modify this appliance without authorization to avoid accidents.
19. Do not pull the power cord to move the appliance.
20. This appliance incorporates an earth connection for functional purposes only.
