SUNSCREEN YOU'LL LOVE TO WEAR

HOW TO USE BÜ SPRAYS

1. Apply 20 minutes prior to sun exposure to allow proper bonding

2. Hold bottle approximately 8-10 inches from skin

3. Fully depress sprayer while sweeping across skin area (like spray painting)

4. Dries in 3-4 minutes and does not require rubbing

5. Don't be shy to re-apply!

Video: How to apply

To apply to FACE, spray on your hand first and then apply to skin.

After you are familiar with use, apply to face directly by covering eyes with your hand and spraying a light mist directly on the skin.

OUR STORY

Love for each other, the planet, and its people fuels Jeff and Josie's journey.

Their mission to provide unparalleled sun protection with the finest sunscreens and ultralight UV apparel, ensuring every day is safer under the sun.

After ten years in the liquor industry. Jeff found the demands of the lifestyle began to take their toll on him. His doctor warned him to shape up or face an early heart attack. He hired a personal trainer, it got very personal and fell in love. They started their life together by launching their first line of skin care products designed for athletes in 1994. They have continued their passion for providing the best in class sun protection with BU.

Bu creates products designed for top athletes yet suitable and gentle for everyday family life. Our products let people enjoy the outdoors without the fear of sunburn.

Inspired by Malibu, 'The Bu,' our message is clear: Be You! Be true to yourself, care for the planet, and live the BU way every day.
