## ABOUT US

BlueVue Inc. is an innovative forward thinking Global Supply Chain Company that has successfully been in business for more than a decade.

We are able to provide cost effective pricing for DIY project and high-volume pricing accommodations for contractors and retail vendors.

With our direct connection with our factories we are able to facilitate quicker and more efficient solutions and products. Our 20+ years in the bathroom remodeling industry and our expertise of product development, procurement and distribution has been essential in our success and has enabled us to introduce highly innovative products to the public such as our leak-proof gasket solutions and bathroom armor protection product series. Among them, both overflow gasket and the toilet armor are patented. The design of the toilet armor also made the Best of KBIS Finalist 2018.
