

FREEZE REQUEST FORM

طلب تجميد مدة للطالب

During a student's scholarship period, he or she may choose to voluntarily “freeze” (suspend) scholarship benefits during a set period of time. The number of months used during a freeze period may be used at a later time during a student's scholarship. For example, if the original scholarship end date is December 2019 and the scholarship is frozen for May, June, and July 2019, the adjusted scholarship end date would be March 2020, as the three months of the freeze are added to the original end date. The maximum amount of time that a student can freeze their scholarship is 12 months.

Please note that a scholarship may also be suspended by a Academic Supervisor, i.e. upon student's completion of ESL period, at the end of academic program, upon expiry of his/her sponsorship, and due to other circumstances.
