Re: Chinese Patent Application for Invention No. **201180019424.7**
In the name of **RUNWAY BLUE, LLC.**

Dear Sirs

We have pleasure sending the Patent Certificate of the above-identified patent application and its English translation. The notice of grant was published in the official Patent Gazette on February 3, 2016. The patent is in force from that date. The patent shall enter effect as of the announcement date of the patent grant and shall be valid for 20 years from the application date.

Please acknowledge receipt of the said documents at your earliest convenience.

Other Issues

1. Annual fees must be paid to keep the Patent in force. Each annual fee (annuity) is due on the anniversary of the Patent's filing date. We will send reminders about each annuity before the payment due date for the patent if we are responsible for the annuity. Please note that the next annuity will be due on February 28, 2017.
2. An application for assignment must be recorded whenever the Patent is assigned.
3. Any license should be recorded within three months from the license contract date whenever the Patent is licensed in China.
4. On occasion we may have to contact you to forward official correspondence from the Patent Office (for example, if a third party files a request to invalidate the Patent). In some

circumstances, if we are unable to contact you then this may result in the Patent lapsing. Therefore please inform us promptly of any change in your contact details.

5. Any change in the name or address of the Patentee should be recorded at the Patent Office.

We hope that we can continue to be of assistance in protecting the Patentee's rights in China.

Yours faithfully
