Braeburn®

Builder Series Value Thermostats

Braeburn Builder Series value thermostats provide a cost effective solution to temperature control! The bright blue backlight and easy-to-read display characters make it simple for customers to operate. Temperature limits and FREE contractor branding on the battery door give contractors and property owners the tools they need to help control rising installation and energy costs.

*FREE Contractor Branding
on Battery Door*

*Meets Energy Aware® Guidelines. As a licensee in the Energy Aware Programmable Thermostat Program, Braeburn Systems LLC has determined that this product meets the NEMA Energy Aware efficiency specifications for programmable thermostats. Visit www.getenergyaware.com for more information.
