#200
Embossed White Vinyl Tape
UL Classified
Product Information

PRODUCT DESCRIPTION

Principal Uses:

Compac #200 white embossed vinyl tape is used for seam sealing and patching of white vinyl faced metal building and duct wrap insulation, and other insulation applications where white vinyl facing is used.

Features/Benefits:

Compac #200 tape features an aggressive acrylic adhesive that bonds tightly and permanently when smoothed down on the insulation facing surface.

Table with 3 columns: TECHNICAL INFORMATION, TEST METHOD, VALUE. Rows include Substrate (Backing), Adhesive, Liner, Thickness without Liner, Peel Adhesion to Steel, Tensile Strength, Elongation, and Surface Burning Characteristics.

The listed values are typical, and not intended to serve as product specifications. Weights and thicknesses are nominal, +/-10%.

Application and Storage:

Surface to which tape will be applied must be clean and dry, and free of contaminants. Apply pressure with plastic squeegee. Ideal storage conditions are 60°F to 80°F (16°C to 27°C), with low humidity.
