

## Curtis D60 Drip Brewer

Enjoy WA-2!'s awesome selection of gourmet fresh coffees with the D60 brewer, even if your cabinets are only 20" above the countertop!

This low profile countertop brewing method is designed for coffee stations that want to brew a variety of coffees that stay hot and fresh throughout the day. The best part about this style of brewer is that it's easy to switch up the coffees you use - so you can enjoy a different kind of coffee each time you order!

Notable features:

- Built-in hot water tap for tea & soup lovers
- Easy to change-up coffees
- Pour pots keep the coffee hot for 4+ hours without extra heating
- Easy pour pot storage at the brewer makes this a space saver
- The WA-2! station looks clean & awesome!!!
