PEX GUN

AUTOMATIC PEX PIPE TIE TOOL

The PEX GUN is a fast, secure and economical PEX Pipe installation tool for rebar and wire mesh. Five times faster than manual tying and delivers over 2000 wire ties per charge.

The PEX GUN works by tying 2 or 3 wraps of galvanized steel wire to PEX Pipe, twists the wire to securely fasten, all in one second or less.

Tension and wrap adjustment dial allows for a perfect tie without dimpling the pipe. Simple one hand operation reduces potential risk of carpal tunnel injuries. Using the optional extension bar reduces the risk of back injuries. Save time, save money and increase job productivity with the PEX GUN.

SPECIFICATIONS

DIMENSIONS	11 3/8" (H) x 4" x 11 5/8" (L)
WEIGHT	5 LBS
TYPING SPEED	1 SECOND
TIES PER WIRE COIL	APPROX 120 - 160 TIES
TIES PER CHARGE	2000
WIRE SIZE	21 GA.
WRAPS PER TIE	2 - 3
APPLICABLE PIPE SIZES	3/8" - 3/4"
MAXIMUM TYING DIAMETER	1.57"
BATTERY	14.4V 3.0 Ah Li-ion
CHARGER MODEL/VOLTAGE	100 - 240V
RECHARGE TIME	60 MINUTES
