

FABRIC, TRIMS, TOOLS & SUPPLIES

FABRIC SUGGESTIONS:

The Bohemian Wrap skirt looks best in a fabric with fluidity & drape. Suggested fabrics include Rayon, Cotton Voile, Tencel, Linen, Double Gauze, Crepe (Wool, Silk or Polyester), Charmeuse.

NOT SUITABLE: A stiff fabric like denim would not be suitable because it has no drape. This would also apply to fabrics such as sateen & quilting cotton. These fabrics tend to add bulk in designs like this.

TOOLS:

Pins, scissors or rotary blade, sewing machine, overlocker/serger, iron & ironing board, printer, A4 or letter paper.

FABRIC & SUPPLIES:

Fabric, thread to match.

OPTIONAL: 1/4" seam

foot, blind hem foot, binding, decorative tassels.

EXCEPTIONS:

SHRINKAGE: The above estimates do NOT allow for fabric shrinkage. When washed, some fabrics (like rayon) shrink a lot. Always order more than the requirements & always pre-wash before cutting to avoid your garment being too short or small.

DIRECTIONAL: If your fabric has a directional print, you will need extra fabric. I recommend you cut out the pattern & lay the pieces down on a flat surface to estimate your fabric requirements.

WIDE OR NARROW FABRIC: I recommend you cut out the pattern & lay the pieces down on a flat surface to estimate your fabric requirements for fabric that is either narrower or wider than 135cm (53").

FABRIC REQUIREMENTS: METRES / YARDS Based on 135cm (53") Fabric Width

Select Skirt & Waistband of your choice. Add these two amounts together.
