

# FABRIC, TRIMS, TOOLS & SUPPLIES

## FABRIC REQUIREMENTS: METRES & YARDS

(1) Does NOT include directional fabrics. (2) WASH YOUR FABRIC before cutting! It's important to wash your fabric before you sew to avoid shrinkage after you've finished your garment. This is particularly important for rayon, viscose & bamboo.

## FABRIC SELECTION & SUGGESTIONS

This design works best in a fabric with fluidity & drape. Although designed for woven fabrics, both woven & stretch fabrics are suitable for this pattern.

**NOT SUITABLE:** Quilting cotton, sateen & stiff heavier fabrics like denim would not be suitable because they have no drape. These fabrics tend to add bulk in designs like this.

WOVEN FABRICS
Rayon
Georgette
Chiffon
Crepe (poly, wool or silk)
Charmeuse Silk
Lace (must have drape)

KNIT FABRICS	
Sweater Knit	Double Brushed Poly
Stretch Lace	Ponte (must have drape)
Stretch Velvet (velour)	Viscose or Rayon Elastane
Merino Wool Knit	Modal Elastane
French Terry
