

VICTORIA COWICHAN

VALLEY WINE TOUR

Vancouver Island has the second largest wine region in BC. The Cowichan Valley, known in the local Indigenous language as 'the warm land', is the oldest on the island. Its rich history goes back more than thirty years to when Department of Agriculture planted 140 grape varieties to see which ones produced the juiciest fruit! Join us for a leisurely tour of three wineries leaving from downtown Victoria to the Vancouver Island route in the Cowichan Valley. This isn't a winery crawl, its a winery experience!
