

## NABCO SYSTEMS, LLC AND MISTRAL GROUP ANNOUNCE TEAMING AGREEMENT

Since 1986, NABCO has been proud to design, manufacture and market top-notch products to the Explosive Ordnance Disposal and Homeland Security markets. Under its new management leadership, NABCO Systems, LLC, expands its expertise through a strategic teaming and cooperation agreement with Mistral Group. NABCO and Mistral Group will continue to provide customers with the highest level of quality and service through their combined know-how in the design, development, manufacture and sales of EOD Total Containment Vessels (TCVs) and other relevant EOD technologies.

NABCO will continue to serve the market as the center of excellence for TCVS, providing the EOD user the best of both NABCO's and Mistral's unique DDESB-Approved TCVs. In parallel, Mistral will continue to serve as the leader in explosive storage vessels by providing both the NABCO and the Mistral state-of-the-art DDESB approved Explosive Storage Vessels. By joining their expertise in EOD blast containment vessels, both Mistral and NABCO will be able to better serve the defense and law enforcement user communities worldwide.
