

Child Set - Energetic Remedies for ADD

The essences in the Child Set support children who are sensitive or who are experiencing challenges in school, at home or with friends. Each product works gently on an energetic level to help kids adapt, relax, learn and grow at their own pace and in their own way. We recommend using single essences at first - and no more than three at a time.

Standard dosage ~ 3 drops 3x/day under the tongue or in a small glass of water, may also be applied to the wrists
