

Thailand Set - Essences For Spiritual Seekers

We first created the essences in the Thailand Set soon after a tsunami devastated the western coast of Thailand's southern islands. The essences in this collection carry a sacred energy and can provide a source of comfort, strength, insight and peace when you are going through a challenging time. Use this set if you are a spiritual seeker and wish to explore your soul's path on earth and more deeply engage new dimensions of your spiritual life.
