

MIDAS NEEDLE GUIDE / CONTENT SOLD TEN PER BOX

*COMPATIBLE WITH THE MIDAS STYLUS ONLY

TYPE	CONFIGURATION	DIAMETER	PURPOSE
7 <i>Slope</i>		0.25 mm	Ideal for high detail strokes and suitable for all skin types.
11 <i>Slope</i>		0.20 mm	Great for beginners. Flexible and slightly shorter pins. Extra fine needle for detail strokes.
12 <i>Soft Slope</i>		0.25 mm	Classic configuration. Multipurpose needle type for experienced artists.
13 <i>Nano Slope</i>		0.18 mm	Designed for even finer strokes and faster healing time. Ideal for clients with thinner skin type.
14 <i>Soft Slope</i>		0.25 mm	For beginner and experienced. Versatile and great for main body of the brow.
15 <i>Double</i>		0.25 mm	Add more depth behind the strokes or create a powdery brow look.
18 <i>U Nano</i>		0.16 mm	Ultra fine. Ideal for adding texture or creating delicate strokes for clients with fine or very light hair.
18 <i>U</i>		0.20 mm	Allows for use in both directions. The extra fine needle is great for the inner corners of the brow.
