SNAKE KING

[SNAKE KING]

SNAKE KING has been the source of inspiration to designers seeking to unravel the mysterious world of the animal kingdom. Designed based on the scales of the cobra, the SNAKE KING series pairs embossed cobra scales with premium quality rubber to create watch straps that add a touch of modern fineness and dynamism to the gentlemen's sexuality.

The watch dial exudes masculine charm with its three-dimensional feel and range of colours and together with the metallic cobra, it is in a class of its own.

Made of stainless steel, the SNAKE KING' s 46mm diameter watch case features solid lines and multi-piece assembly that are specially designed to impress at first sight for wrist watch lovers with that exquisite taste.
