Ronald Cheng X NSQUARE X MEMORIGIN

The first personally designed watch

At the end of 2018, the two major Hong Kong watch brands MEMORIGIN and **NSQUARE** collaborated once again, this time with the famed Hong Kong singer and actor Ronald Cheng to launch a watch featuring Ronald Cheng's classic song "Time, People, Place".

Since his debut, Ronald has sung a lot of familiar songs, and performed in many classic movies. From love ballads, comedy to action drama, he has mastered them all. For every song and movie, he devotes his best, and all of these led to his perfect cooperation with MEMORIGIN and **NSQUARE**.

This collaboration is based on the concept of the song "Time, People, Place". "Time, People, Place" is not merely Ronald Cheng's classic song, these elements are important factors in everything, with time always at the forefront, being the most important.

NSQUARE once again uses the bold and innovative design concept to integrate the classic into the stylish, and with MEMORIGIN's exquisite craftsmanship and elegant tourbillon movement, the wrist watch is elevated to another level. The wrist watch is equipped with the MEMORIGIN tourbillon movement. The movement has a total of 155 components and 18 jewel bearings. The tourbillon has 40 hours of power reserve. The vibration frequency can go up to 28,800 times per hour, and the tourbillon at the six o'clock mark rotates once every 60 seconds.

The case is made of **NSQUARE**'s Snake King series of watch cases. It has a bold and elegant 46mm steel multi-layered solid case. The open design of the dial matches the beautiful melody of the classic song "Time, People, Place". A strap made of high-quality rubber and crocodile leather ensures a better fit and extra comfort.

MEMORIGIN, **NSQUARE** and Ronald Cheng's joint series combines the classic and the trendy in its design. It is sure to satisfy all those in pursuit of the latest trend, and whose style is professional, elegant and yet remains trendy.
