## **NSQUARE** **Santos Leslie —** **The Legend Automatic Watch**

We are pleased to announce our partnership with the renowned former football player, Mr. Santos Leslie, to grandly offer The Legend collection. As the present Technical Director of the ChelseaFC Soccer School (HK), Santos has won glory on the football field for years. To reminisce his legends and honor, NSQUARE designed two timepieces in The

Legend Collection inspired by Santos' iconic "No.10" and his sports spirit!

Both watches are in limited editions with only 188 pieces for sale. It's surely worth collecting! \*Proudly supporting The Boys' & Girls' Clubs Association of Hong Kong, part of the proceeds from the collection sale will be donated for charity use.
