This diagram has been drawn with traditional 2 conductor pickup wires in mind. If your pickups are wired differently to this, then please refer to that manufacturer's wire colour coding prior to installing.

Important note

Please take care of yourself and your guitar when carrying out any guitar wiring work.

James' Home of Tone cannot be held responsible for any damage or injury caused by dangerous or incorrect techniques used. If possible, support your local businesses and have your trusted local guitar tech carry out your re-wire!
