Ground wire to bridge |

Our diagrams have been drawn with traditional 2 conductor cloth covered and/or outer braided 2 conductor pickup wires in mind unless otherwise stated. Your pickups may have a different wiring style, so consult with your pickup manufacturer for the correct wire type and/or colour coding before installing.

Important note

Please visit the 'Wiring diagrams & helpful technical info' page on www.homeoftone.co.uk & read through the Home of Tone harness fitting guide before beginning your harness install. Please take care of yourself and your guitar when carrying out any guitar wiring work as James' Home of Tone cannot be held responsible for any damage caused by dangerous or incorrect techniques used. Or if possible, support your local businesses and have your trusted local guitar tech carry out your install!
