M1M Compliance Statement:

Merchant 1 Manufacturing, LLC, designs and builds all of our paint booths, media booths, and powder coating booths. We design and manufacture in compliance with the standards/guidelines set forth by NFPA 33. Our USA made booths are designed with UL approved components and consideration for OSHA 1910. However, since local regulations may vary, we provide support to meet those requirements based on your individual needs. Merchant 1 Manufacturing LLC will provide support in the installation of the booth through consultation by our experience technical staff at plant location.
