LB 388

Certain licensed restaurants may permit a customer to remove one unsealed bottle of wine for consumption off the premises if the customer has purchased a full-course meal and has consumed a portion of the bottle of such wine along with the meal. The restaurant is required to: (1) securely reseal the bottle and put in a bag from which it is visibly apparent that the resealed bottle has not been tampered with; and (2) provide the customer with a dated receipt for the resealed bottle of wine and meal.

Further states that such resealed bottle is not an open container under §60-6,211.08, Nebraska's Rules of the Road statute on open alcoholic beverage container prohibitions; and defines full course meal as, "a diversified selection of food which is ordinarily consumed with the use of tableware and cannot conveniently be consumed while standing or walking."
