

EARNEST WOKSHOP

LOBBY: The first piece in the Fin range from The Earnest Workshop, and its aesthetic is startling in its clean lines and sharp, sophisticated definition. Yet function is foremost; perfectly sized and designed for the purpose of sitting, comfort is provided by natural feel fabric, which has been carefully selected to work symbiotically with the grain of natural wood. The lid lifts, revealing a capacious area for storage. Every design feature of Lobby has a purpose, the combination producing an item of furniture that welcomes guests into a home with a classic gesture of high quality

– and art at its purest.

Lobby is made in New Zealand.

LOBBY CARE:

Care for your furniture by removing dust with the dust cloth provided. Remove any other dirt with a damp cloth. Do not use silicone based polishing cream or automotive polishing compounds. Small marks and scratches may be touched up with a coloured wax stick (carefully remove any excess).

To minimise discolourartion, do not leave Lobby in direct sunlight. Only a professional re-finisher should perform major repairs on damaged surfaces.
