SAM'S "GS" STASH SILVER ANNIVERSARY EDITION

"The best cigar you'll ever find. A real
slice of heaven."

— SAM DRIBAN

AVAILABLE ONLY IN MY FAVORITE SIZE 6 1/2" x 52 RING

MADE IN LITTLE HAVANA, MIAMI BY WILLIE HERRERA

Back in 2008, I wanted something really special to celebrate our 25th year in business; something remarkable that wouldn't just be a cigar, but an experience. We got together with our good friends at the El Titan de Bronze factory in Little Havana, Miami and went to work.

Willie Herrera, now the master blender for Drew Estate, was working with his family at El Titan De Bronze. Willie and his family go back generations in the Cuban and then Miami tradition of making and blending the best cigars in the world.

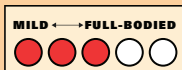

Willie knew what I wanted, and it took months, but we finally struck gold! Willie sent me the latest samples and they were perfect, exactly what I was looking for.

Production started and due to the limited amount of this exceptional tobacco, we can only procure and age enough tobacco to produce about 750 cigars a month.

5 CIGARS \$49⁹⁵
10 CIGARS \$94⁹⁵
WHEEL OF 50 CIGARS \$449⁹⁵

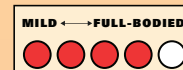

The secret blend goes to the grave with me and Willie, but I'll tell you that the filler is Cuban seed and that the filler, binder, and wrapper utilize tobaccos from four countries. These cigars are perfectly constructed and aged by eight of Little Havana's best rollers. These cigars look and feel so good, you will begin to fall in love with them even before you light up.

Thick, oily, and very full-bodied, these cigars are a slice of heaven and will take you back to Havana circa 1950.

PLASENCIA

1865

Plasencia is the largest maker of cigars in the world, producing over 35 million cigars a year for almost every major cigar company from A-Z. They have developed and marketed the Plasencia Alma Series under their own banner, creating an exclusive and amazing cigar.

ALMA FUERTE COLORADO

FEATURING 10-YEAR AGED COLORADO CLARO WRAPPER

The Plasencia family felt it was time to create a line extension to the Plasencia Alma Fuerte. The result is the Plasencia Alma Fuerte Colorado Claro.

What sets this blend apart from its predecessor is a slight tweaking of the binder and filler which is housed in an incredibly unique wrapper. The Colorado Claro wrapper, which comes from the vast Plasencia tobacco library, is aged for 10 years. This results in a smoother smoking experience. Smokers will experience notes of cocoa and almonds, then transitioning to a hint of nutmeg and cedar as the final notes.

Plasencia Cigars CEO Nestor Andres Plasencia states that the Colorado Claro wrapper adds a different dimension to this already unique cigar and that his family proudly looks forward to exposing the public to the Plasencia Alma Fuerte Colorado Claro.

ALMA CAMPO

Following on the success of the Plasencia Alma Fuerte, the Plasencia family released the second line in the Alma Series.

The Plasencia Alma Campo is a Nicaraguan Puro consisting of specially chosen tobaccos from the Plasencia farms. Married and aged to perfection, you will find a complex smoke with perfect balance delivering notes of coffee and nuts. The cigar is brimming with full-flavor, but not overpowering. The finish is long lasting with a touch of spice and a creamy finish that will leave a lasting impression.

COSECHA 149

The Spanish word "cosecha" translates to harvest. The Plasencia Cosecha 149 commemorates the Plasencia family's 149th yearly tobacco harvest which took place in 2014. The Plasencia family felt that the aged tobacco from the 149th harvest had reached perfection and thus the Plasencia Cosecha 149 was created.

The Plasencia Cosecha 149 is a Honduran puro using tobacco from the Plasencia family's various Honduran farms. This medium to full-bodied blend features plenty of spice and toasty crispness (which is unique to Honduran tobacco). The smoking experience changes to a smoother, balanced middle finish. Housed in 10-count boxes the Cosecha 149 boasts a beautifully designed copper foil band.

The Plasencia Alma Fuerte is Plasencia's foray into making cigars under their own namesake and they come with a powerful blend made entirely of Nicaraguan tobacco. The medium to full-bodied cigar uses selected, carefully aged Criollo '98 tobacco from Esteli, Condega, Jalapa and Ometepe.

This is one beautiful cigar featuring an irresistible, oily, thick Maduro wrapper and impeccable construction. It embodies bold, rich and intense flavors with hints of dark chocolate and plum with final nuances of oak and molasses.

Plasencia Alma Fuerte is one of the real gems in the cigar world and worth every penny. You're in for a treat!

BLACK CAT CUBAN CORONAS

MADE IN LITTLE HAVANA, MIAMI

Back in 2001, I had the pleasure of taking a five day trip to Cuba authorized by the State Department. The day before our flight to Havana, I stumbled across this little factory in Miami where they practically held me hostage until I would try their cigars. I fell in love with them immediately.

Robust and exploding with flavor, they were magnificent to the touch with their oily, deep, and smooth wrappers. We made an arrangement with them to buy a percentage of their production every month and offer them under our own banner.

The tobaccos are aged for three years before rolling. After rolling, the cigars are placed in an aging cold room for an additional three to six months. The quality and care are exceptional as this factory only employs 10 full-time, experienced rollers.

These Cuban-style classics will remind you of the cigars that you can only buy overseas. Straight from the factory to our front door once a month. No banding, no cello, no boxing, no middleman, no sitting in a distributor's warehouse! Just perfect, factory fresh cigars.

From the aging cold room, to us, to you. Product of Little Havana Miami, USA

LA GLORIA CUBANA SERIE R

MILD → FULL-BODIED

Ernesto Carrillo grew his family's business back in the 1990's and made La Gloria Cubana one of the most popular cigars in the world. Trading on this success, the La Gloria Cubana Serie R line was created.

The Serie R line features cigars with large, robust ring sizes, guaranteeing an abundance of spiciness, flavor and power. Utilizing Nicaraguan Ligero and Dominican Olor filler, the Serie R line features tobaccos longer matured than the original La Gloria Cubana.

When the Genie offered me three wishes for the holidays, I was stuck. Only three wishes and nothing too hard I was told. After some careful thought, I came to my three wishes:

1. World Peace
2. A good NHL team in Philadelphia
3. 40% off on La Gloria Cubana Serie R Esteli

Genie informed me that wish No. 1 was going to be very difficult and that wish No. 2 was going to be even harder, but with a blink of his eye and a wave of his hand, (along with a very big purchase order), the deal was on!

An exceptional value, we hope you enjoy these hearty, firm and extremely well-constructed cigars.

BLACK CAT PRIVÉ ROUGE

OUR EXCLUSIVE, PREMIUM, MILD TO MEDIUM-BODIED CIGAR FROM THE MAKER OF THE ACCLAIMED CAMACHO BRAND

Back in 2001, I went to Honduras to visit my good friend, Christian Eiroa, President of Tabaccos de Jamastran, maker of Camacho and Baccarat. I had one goal (besides consuming as much of his liquor and cigars as possible); come back with a mild to medium-bodied premium cigar from his factory that we could offer at a great price. We went to work, experimented with blends and wrappers, and came up with a winner.

Privé Rouge is a premium, aged cigar utilizing excellent Havana Seed filler and a beautiful, sun-grown, zesty Connecticut wrapper. They're not too strong and not too mild, not too spicy and not too bland. They're smooth, easy smoking, and just right. Privé Rouge is a perfect complement and addition to our Black Cat Collection and they'll even leave you a little money left over for some of life's other pleasures.

This amazing cigar is presented in box-pressed form and utilizes the oldest and best aged tobaccos in the PDR inventories.

The Abraham Flores 1975 Privada comprises fillers from the Dominican Republic and Nicaragua, binder from Nicaragua and an incredibly delicious Ecuadorian wrapper. This has always been my favorite PDR blend.

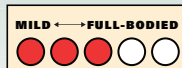

The burning qualities and construction are perfect. The overall smoke is medium to full-bodied with a great depth, rich body and a touch of cedar, vanilla, cocoa, and spice.

The exceptionally smooth, hearty and long-lasting finish coupled with a great room note is second to none.

MONTECRISTO WHITE LABEL

Years ago, I screwed up on this cigar big time. Who would buy boxes of 27? Weird number, right? Boy was I wrong. After enough of you requested them, we brought them in, and it has become Montecristo's No. 1 selling cigar.

Maybe you all know more about cigars than I do. Maybe one of you should write this catalogue next year. I should be doing something else, like stealing cars.

I think that's going to be my next career. I'm smart enough for that and it has better pay and better hours. I like these dummies you see on the news who get caught stealing a 1985 Pontiac worth \$700. Me, I'm going for the \$80,000 cars. You don't have to steal as many of them. Hot wire the car, check for no babies on the back seat, and off you go. In Philadelphia, I'm not even sure stealing cars is a crime in 2022!

Go ahead and steal some of these tasty Montecristo for yourself. With an Ecuadorian Connecticut wrapper, Nicaraguan binder, and a blend of select Dominican and Nicaraguan long fillers, the White makes for a mild to medium-bodied, rich, creamy, and flavorful smoke.

1935 ANNIVERSARY

CIGAR AFICIONADO'S #2 "CIGAR OF THE YEAR"

The first Montecristo cigar was handcrafted in 1935 using a signature blend of tobaccos, which remains the standard by which the brand still lives up to today.

Now, 85 years later, Rafael Nodal and award-winning tobacco powerhouse AJ Fernandez have crafted the Montecristo 1935 Anniversary Nicaraguan.

This precise
and exquisite

proprietary blend of aged tobaccos pays homage to the original tobaccos used in the first Montecristo cigar. The result is an exquisite blend of the finest Nicaraguan tobaccos the region has to offer that reflect the classic characteristics, construction, and balanced flavors of the original 1935 Montecristo.

You will find the smoke medium to full-bodied combining balanced notes of pepper, cedar and spice that delivers an outstanding experience. All cigars are presented "soft-pressed"

Aunt Mollie's Specials

Wrapper: Nicaraguan | Binder: Honduran
Filler: Nicaraguan, Peruvian, Dominican
Country of Origin: Nicaragua
Cigar Strength: Medium - Full-Bodied

The Aunt Mollie Specials were introduced about six years ago and have since become one of our most popular cigars. I was introduced to an up and coming cigar manufacturer based in Esteli, Nicaragua. The cigars, originally intended to become a boxed, national brand, were fabulous. We decided to just make this one size and sell them just like you see them.

The smoke is full and robust, yet remarkably smooth with a creamy finish. The packing is firm and solid, and the single Dominican leaf gives the cigar a superb burning quality. We offer this great smoke in my favorite size; a 52 ring.

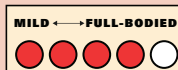

- A blend of rich tobaccos from 4 countries
- Features a thick, oily, & tasty Nicaraguan wrapper
- Premium aged for over 3 years
- Imported from Nicaragua

UNCLE MORTIMER'S MADURO SPECIALS

Wrapper: Brazilian Maduro | Binder: Dominican
Filler: Nicaraguan, Dominican
Country of Origin: Dominican Republic
Cigar Strength: Medium - Full-Bodied

When I was a kid we used to have to visit my Uncle Mortimer on many holidays. Frankly, he scared the crap out of me.

He was old, gruff, cranky and always smoked these big, ugly, black cigars. It wasn't until years later that I learned what a good man he was, and it was many years later when I realized that those big, black ugly cigars were probably really, really good. (Uncle Mortimer had big bucks!)

The first time I saw this new cigar, it reminded me of Uncle Mortimer and after trying one, I was impressed and had to have them. I hope you enjoy these as much as I do and maybe they'll bring back good, long-lost memories of a time gone by.

Presented in a prestigious Figurado shape, Uncle Mortimer's Maduro Specials are comprised of equal portions of Corojo, Viso, Seco and Ligero tobaccos from Esteli, Nicaragua and various regions of the Dominican Republic. You will find these medium to full-bodied, smooth and well-balanced with a woody character and a sweetness on the finish. The overall quality and construction are fabulous as each cigar burns and draws perfectly.

CONNECTICUT COHIBA ROYALE

LUXURY - PERFECTION

The first impression of Cohiba Connecticut is the exceptional golden and buttery Ecuadorian Connecticut shade-grown wrapper.

Upon lighting, you will be struck by the perfect blend of body and flavor. Your senses will be stimulated by the balance of both cream and a slight hint of spice. Rare Brazilian Matafina and Nicaraguan Jalapa Ligero add notes of rich soil and toasted wood. This unique blend is bound perfectly with a smooth Mexican San Andres binder that delivers enticing notes of pepper and spice that transcend perfection.

Cohiba once again has raised the bar for luxury. Worth every penny!

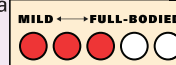

THE EPITOME OF LUXURY

Like a handcrafted Swiss watch, Cohiba Royale is a finely tuned, meticulously crafted, and precise blend for those with extravagant tastes and who demand only the finest.

It starts with a beautiful, Nicaraguan broadleaf wrapper grown in the remote Jalapa Valley – considered one of the most prized tobacco growing regions in the world. The valley offers a rare combination of a moist microclimate, high elevation, and reddish-brown soil all contributing to an elegant tobacco with a robust and complex aroma.

The binder is prized Piloto Cubano and lastly, the fillers are a combination of tobaccos hailing from renowned regions such as Esteli and Jamastrán, which provides for a hearty, full-bodied smoking experience. When only the best will do.

NEW

MACANUDO

VINTAGE MADURO

-2013-

A Maduro unlike any other, Macanudo Vintage Maduro 2013 has unlikely beginnings that create a fantastic smoking experience.

A commemoration of a near-perfect growing season over a decade ago,

Macanudo Vintage Maduro 2013 boasts an exceptional Broadleaf wrapper grown during one of Connecticut's hottest summers on record.

The humid days and warm nights produced a refined and oily tobacco leaf complemented by an impeccable blend. Cured and aged for over a decade, Macanudo Vintage 2013 is defined by its supremely rich yet fully balanced flavor.

The four country blend features Connecticut Broadleaf wrapper surrounding an Olancho San Agustin wrapper from Honduras. The filler is comprised of Brazilian and Nicaraguan fillers from different growing regions.

You will experience notes of coffee, fruit, spice and earth in this medium-bodied treasure.

MACANUDO

RED

Inspirado

WHITE

CREAMY - SMOOTH - DELICIOUS

The evolution of Macanudo continues with Macanudo Inspirado Red, a fiery new addition to the top-rated Inspirado portfolio. This bold, full-bodied offering represents the marriage of rich, volcanic soil and profound aging techniques to achieve unmatched strength and refinement.

Dressed in Ecuadorian Habano Ligero and blended with rare tobaccos, including 12-year old Nicaraguan Ometepe, 10-year aged Honduran Jamastran and 5-year aged Nicaraguan Esteli, Macanudo Inspirado Red is bound with hearty Nicaraguan Jalapa.

Enticing notes of pepper and spice reign, creating a memorable smoke brought in at a very affordable price.

At first glance, Macanudo Inspirado White is a thing of beauty. Grown beneath a veil of clouds, the lustrous Ecuadorian Connecticut wrapper is a proprietary leaf developed to deliver an aesthetic quality like no other. The wrapper, a creamy shade of gold aged six years, sets the stage for a study in contrast.

Beauty soon turns to complexity as an Indonesian binder brings forth an aromatic richness, while Nicaraguan Condega and Mexican San Andres leaves, each aged four years, delivers body and sweet characteristics. A Nicaraguan leaf, cultivated in the Jalapa Valley, produces a cigar brimming with notes of earth and spice.

You will find the Macanudo Inspirado White to be a treasure with creaminess, smoothness and perfect burning qualities start to finish.

PARTAGAS VALLE VERDE

The new full-time Valle Verde is the first-ever Partagas cigar with a delicious San Andrés wrapper from Veracruz, Mexico - the Green Valley.

Mexico's San Andrés Valley rises 4,000 feet along the Gulf of Mexico and is known for its naturally cooler climate and volcanic soil. The result is a pristine, light brown wrapper harvested in 2020 with hints of earthiness, sweetness, and cocoa qualities.

Valle Verde stays true to over 175 years of Partagas heritage, using a shade grown 2015 Cameroon tobacco, synonymous with Partagas cigars, as a binder. The filler tobaccos contain more Mexican San Andrés, Nicaraguan Jalapa, and Esteli Ligero tobaccos harvested in 2020, creating a subtle spiciness.

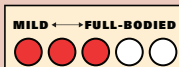

As a result, Partagas Valle Verde is a smooth, balanced, and complex blend with rich, sweet notes mixed with black pepper.

ROMEO y JULIETA RESERVA REAL

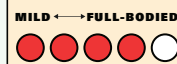

Since their creation in 1875, Romeo y Julieta has remained one of the choicest cigars crafted and one of the most often requested brands by connoisseurs. The Reserva Real blend is a carefully balanced

recipe of Dominican leaf spiced with Nicaraguan ligeros and finished with a hand-selected, blonde Connecticut Shade wrapper. Slightly sweet in flavor, it is expertly handmade with a woody flavor and a tender aroma that will arouse the desires of even the most demanding cigar lover.

With its mild to medium-bodied profile and all its high-quality intangibles, the Romeo y Julieta Reserva Real has become our best selling and most popular Romeo y Julieta.

ROMEO y JULIETA RESERVA REAL NICARAGUA

H. UPMANN THE BANKER

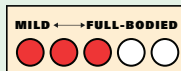

BY A.J. FERNANDEZ

In 1844, bankers Carl and Henry Upmann traveled to Cuba where they created

an exceptionally unique cigar and securely locked it away in their vaults only to be gifted to their most special clients. Now, after 170 years, H. Upmann is recreating the cigar as close as possible to the original Upmann.

A great aroma highlights this dark brown, rich, and robust cigar, which boasts a full-flavored, earthy and toasty profile. The beautiful oily wrapper complements the cigar with well-balanced notes of coffee and spice. The construction is superb, and the ash holds strong. The burn and draw are even and flawless.

H. UPMANN THE BANKER DAYTRADER

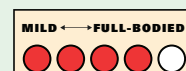

THE WORTHY SUCCESSOR TO
THE FAMOUS H. UPMANN BANKER

It took a bit of time, but H. Upmann has finally introduced a sequel to the wildly popular H. Upmann Banker line. The H. Upmann Banker Daytrader offers a new, more sophisticated, and nuanced blend to the original.

As the name suggests, after arriving in Havana, bankers Carl and Herman Upmann immediately saw potential in the nation's rich tobacco. The H. Upmann brand was born in 1844 and has thrived ever since. (Daytrading is a little more recent).

Featuring a beautiful Ecuadorian Sumatra wrapper surrounding a hearty, thick Nicaraguan binder and fillers chosen from Dominican Republic and Nicaragua, the Daytrader delivers notes of coffee, leather, chestnuts, and a touch of spice. The Daytrader was created by the famed Grupo De Maestros team at the Tabacalera de Garcia factory.

VEGA FINA

POOR MAN'S MONTECRISTO

We jokingly refer to this cigar as "poor man's Montecristo", but it's really with awe as Vega Fina is handcrafted at the famous Tabacalera de Garcia factory where Montecristo is made.

Vega Fina cigars boast a luxurious, hand-selected Ecuadorian Connecticut Shade wrapper and a flavorful combination of Dominican, Colombian and Honduran long filler tobaccos with an Indonesian binder.

Vega Fina is a distinctly smooth, aromatic smoke with a mild to medium body that is considered by many to be a true "connoisseur's smoke."

Vega Fina has become very popular due to its quality, value and origin.
