Control Method

On/Off/Standby
Press the ⏻ button to turn the radio on. Once on press it again to enter standby mode or hold it to turn the radio off.

Using The Buttons
All the button actions are just a quick press unless otherwise stated in the required action. This includes the button function of the dial.

Using The Dial
The dial on this radio is dual action. This means it will perform one action by turning the dial and another action by pressing it.

First Time Use
After removing the radio from the packaging, connect the radio to the mains using the adaptor supplied or insert 4 x 'AA' batteries into the battery compartment in the base. Fully extend the aerial and press the ⏻ button to turn the radio on.

```
Welcome to
Digital Radio
```

The date and time will automatically be set from the DAB signal received. The radio will then proceed to scan for the first time.

```
Scanning...      6
■■■■■□□□□□□□□□□□
```

The number to the right of the display indicates the amount of channels found in your region during this scan. After the scan is complete the radio will tune itself to the first alphabetically listed station available in DAB mode.

DAB Mode
Selecting A Station
Use the tune +/- buttons to cycle through the available DAB stations on the display. Press the dial to tune the radio into the station that is shown on the display.

Scan
You can retune or refresh the amount of DAB stations available by pressing the 'Scan' button. It is recommended you do this when the radio has been moved or if you are getting a poor DAB signal.

Swan 3

DAB Options
DAB Menu Options

Press and hold the 'Info/Menu' button until you see 'Full Scan'.

```
        DAB
<Full Scan        >
```

Press the tune +/- buttons to cycle the options and press the dial to select. The options here are:

Full Scan > Manual Tune > DRC > Prune > System.

Full Scan
To fully erase and retune all of the available DAB stations select 'Full Scan' in the menu options.

```
        DAB
<Full Scan        >
```
```
Scanning...      6
▓▓▒▓▒□□□□□□□□□□□□
```

The radio will now scan through all the available channels. All the channels found will be shown in alphabetical order.

Manually Tune DAB
To manually tune the radio select 'Manual Tune, in the menu options.

```
        DAB
<Manual Tune   >
```

Use the tune +/- buttons to tune the radio in then press the dial to keep the current tuning. Save as a preset if required (see page 10). This helps in poor signal areas to get a clearer signal.

DRC
DRC or Dynamic Range Compression is a feature that some DAB stations use. This enables the audio to be evened out by raising the volume of the quieter audio levels and lowering the volume of the louder audio levels. To change this select 'DRC' in the menu option.

```
        DRC       *
<DRC  off      >
```

Swan 4

The 'Low' option will give you a small amount of DRC, where as 'High' with give you strong amount of DRC. Use the tune +/- buttons to go through the options and press the dial to select the required preference.

The asterisk in the top right corner indicates the current selection.

Prune
You can remove DAB stations from the radio that are listed with a in front of their name by using the prune function.

```
?talkSPORT
Now Playing...
```

```
      Prune?
    <No>  Yes
```

Once you've selected a station you wish to remove, select "Prune", from the menu options. You will be presented with the choice 'Yes' or 'No'. Select 'Yes' to remove the station. Use the tune +/- buttons to go through the options and press the dial to confirm.

FM Mode

Select FM Mode
Press 'Mode' to change from DAB to the FM function.

Auto Tune FM
To auto tune to the next available radio station press and hold either "Tune +/-" but-tons for 3 seconds. This will start the FM auto scan. '+' will scan up the channel and "-" will scan down the channel.

```
 98.90MHz
Scanning...
```

The scan will always stop at the next signal received. Save as a preset if required (see page 10).

Manually Tune FM
Press either 'Tune +/-' buttons to manually tune the radio in FM mode. This helps in poor signal areas to get a clear signal. Save as a preset if required (see page 10).

Swan 5

FM Options

FM Menu Options
Press and hold the "Info/Menu" button until you see 'Scan Setting".

```
        FM
< Scan Setting >
```

Press the tune +/- buttons to cycle the options and press the dial to select. The options here are:

Scan Setting > Audio Set > System.

Scan Settings
You can change the Auto Tune search ability between "all stations" and "strong stations". Select "Scan Settings" from the menu options.
Press the tune +/- buttons to cycle between either "Strong Stations" or "All Stations". Press the dial to select the required option.

The asterisk in the top right corner indicates current selection.

```
        FM                      Scan Setting *
< Scan Setting >            < All Stations >
```

You will be sent to the previous menu once a selection has been made. Press the Info/Menu" button to return to the main screen.

Audio Settings
You can change the sound output from stereo to mono with this option. Select "Audio Set" from the menu option.

```
        FM
Audio Settings
```

Then Press the tune +/- buttons to chose from "Stereo Allowed" and "Forced Mono" options and press the dial to confirm. The asterisk in the top right corner indicates which option is currently in use.
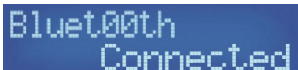

Bluetooth Mode
Select Bluetooth Mode

To select Bluetooth press "Mode" until "Bluetooth" shows on the display.
The radio is automatically in **pairing mode** and shows "Disconnected" on the display.

```
Bluet00th
    Disconnected
```

Activate the Bluetooth on your device and search for available devices. Look for and add [SWAN RADIO] The radio will automatically pair with the device and no code is required. The display will show 'Connected' if the pairing is successful.

```
Bluet00th
    Connected
```

Using Bluetooth
Make sure the source device has the maximum volume set. You can use the following functions on the radio.

- Play/Pause - 'Select' button
- Skip Back - 'Tune -' button
- Skip Forward- 'Tune +' button

The volume is controlled in the normal way by turning the dial.

System Options
System Menu Options

Press and hold the Info/Menu" button until you see either
'Scan Setting' in FM mode or 'Full Scan', in DAB mode. Press the tune +/- button to cycle through the options until you get to 'System' then press the dial to select it.

The options here are:
Sleep > Alarm > EQ > Time > Backlight > Inactive Standby > Lang. > Reset > SW Ver.

Sleep
You can set the length of time the radio is on for with this feature.
Once selected from the system options you with have access to:
Sleep off > 15 >30 >45 >60 > 90 (Minutes)

Swan 7

Alarm
See Page 12.

EQ
You can change the sound output preference with this feature. Once selected from the system options you with have access to:

Normal > Classic > Jazz > Pop > Rock > Speech > My EQ

You can customise the EQ by using the sub menu under "My EQ" Here you can change the following:
• Loudness Y/N
• Treble +/-
• Bass +/-
Use the dial to cycle through the options and press it to select.

Time
All the time and date functions and preferences can be altered here. Press the tune +/- buttons to cycle through the options and press the dial to select.

```
        System
<Time            >
```

The options here are: Time/Date > Auto Update > Set 12/24 > Date Format.

Time/Date
With this option you can manually set the time and date. Once selected from the 'Time' sub menu you will see the hours flashing. Press the tune +/- buttons to cycle through the hours and press it to select the required hour value.

```
    Set Time
     00:00
```

Once the hour has been set you will have the minutes flashing. Repeat the process for choosing the hour for the minutes. Once selected you will move on to the next screen for setting the date.

```
    Set Date
  00-00-0000
```

Swan 8

Similar to setting the hour and minute, you cycle through the numbers with the tune +/- buttons and press the dial to select your chosen value, and then move to the next value to set. When the last value is set the display will confirm that the new time and date has been saved.

```
Time
Saved
```

All the preferences can be altered by pressing the tune +/- buttons to cycle through the options and press the dial to select.

Backlight
You can change the brightness and light duration of the display.

```
System
Backlight
```

The options here are: Time Out > On Level > Dim

Time Out
This is to set the duration of time before the display dims. Choose from the options by turning the dial and pressing it to select:

On > 10 > 20 > 30 > 45 > 60 > 90 > 120 > 180 (Seconds)

The asterisk in the top right corner indicates current selection.

On Level
This option lets you set the active display light level.
Choose from the options by turning the dial and pressing it to select:

High > Med > Low

The asterisk in the top right corner indicates current selection.

Dim
This option lets you set the inactive display light level.
Choose from the options by turning the dial and pressing it to select:

High > Med > Low

The asterisk in the top right corner indicates current selection.

Swan 9

Inactive Standby
You can set the radio to change to standby mode after a preselected period of time with this feature. Once selected from the system options you will have the following options:

OFF >2>4>5>6 (Hours)

Cycle through the options with the tune +/- buttons and press the dial to select an option. Each number value is a period in hours. The radio will continue to play for the selected duration until you select 'OFF'. An asterisk in the top right corner will indicate which is the currently selected option.

Language
With this option you can choose what language the radio uses to display the menu options in. Choose from the following options:

English>Français>Deutsch>Italiano> Español

Cycle through the options using the +/- buttons and press the dial to select an option. The asterisk in the top right corner indicates current selection.

Reset
Selecting this option from the 'System' menu will reset the radio and clear any presets saved. Use this option if the DAB signal is still poor after re-scanning for stations or any possible faults.

SWVer.
This will display the current software version in use.

DAB/FM Preset
Storing A Preset

Once a station has been tuned in, if you want to save it in the quick preset bank (Button 1,2, 3,4 or 5 which can be found on the top of the device), press and hold the preferred button for 3 seconds until the 'stored message' is displayed on the LCD

```
      Preset 1
       stored
```

If you need to save more than 5 presets, press and hold the 'Preset* button for 3 seconds, then use the ,Tune+/-, buttons to cycle through the available preset slots. Once you have found the desired slot, press the 'Select/Snooze' button to save the station to that preset number.
The radio has a total of 20 preset slots (10 for DAB and 10 for FM). This includes the 5 'Quick Access' buttons.

Swan

Recall A Preset

To recall saved presets 1, 2, 3,4 or 5 simply press the required 'Quick Access' button on the top of the device. To recall presets 6 to 10, simply press the 'Preset' button and then use the 'Tune+/-' buttons to scroll through the desired preset station, Press the 'Select/ Snooze* button to select that station

If you select a slot that has nothing stored in it, it will display as 'Preset Empty'.

```
 89.00MHz     P1
[No RadioText]
```

```
        Preset
        Empty
```

DAB/FM Information

When listening in DAB or FM mode you can cycle through the available information from the broadcasting service and the radio by pressing the 'Info' button.
The information cycle:

Alarm

Setting the Alarm

There are 2 alarms you are able to set on this radio when the radio is on and not in standby press 'Alarm' once to set alarm 1 or press 'Alarm' twice to set alarm 2 and press the dial to select.

> **Alarm 1 Setup**   **Alarm 2 Setup**

The process is controlled by using tune +/- buttons to cycle through the available options and pressing the dial to select it. Once an option has been selected it will move on to the next option to set.

Process flow:

Time	Hour > Minutes
Duration	15>30>45>60> 90 >120 (Minutes)
Alert	Buzz > *DAB > *FM
*If 'DAB' or 'FM' selected	Last Listened > Preset (1-10)
Repeat	Daily > *Once > Weekend > Weekday
*If 'Once' selected:	Day > Month > Year
Volume	Select Volume Level
Alarm	On > Off

> **Alarm**
> **Saved**

Once the alarm is successfully set 'Alarm Saved' will be seen on the display to confirm. You can set or disable the alarm from the last action in the flow process.

Turning The Alarm On/Off
When the radio is in standby mode press the 'Alarm' button and use the tune +/- buttons to cycle through the options on the display and press the dial to select. The combination options with icons are:

Alarm 1: Off > On > Off > On
Alarm 2: Off > Off > On > On
